

**Report of the Vice President (Clubs and Services)  
to SSMU Legislative Council**

*March 28<sup>th</sup>, 2013*

Office hours: Mondays 3-4pm, Thursdays 11:30am-12:30pm

PERSONAL

The past few weeks have been a total blur... room bookings, club offices, bylaws, bylaws bylaws ahh...

CLUBS, SERVICES, and INDEPENDENT STUDENT GROUPS

**Club Feedback Forum!** April 4<sup>th</sup>, 5-7pm, Madeleine Parent room, food, so many issues etc to discuss!

**Activities Night: SQ**

**Offices:** Mostly been working on this from the bylaw angle most recently.... Lots more to come! We also had a really great brainstorm/drawing session about this at the last Building Committee, where we discussed having more clearly defined "office spaces" for clubs rather than promising them/talking about a "club office" because based on space limitations of course not all clubs can have their own office..! and if the space each club was given was more clear it could prevent a lot of conflict and help the inevitable transitions from year to year... each space would be a desk+chair+cabinets over the desk+big tall locker with a bench that sticks out from it! You could still hold small exec meetings in the offices etc...

**Lockers:** The company is being impossible, but we want to stay with this company to keep our keys consistent...

**CKUT Board of Directors:** We really need to change the bylaws to make student BOD reps terms more logical/consistent.

**"Clubpedia":** Status Quo, check out my Clubs Council blog ("clog" lol) post!

**Club Portal – the new Club Hub project!:** put on hold because of larger conversation with lawyers, to be reported on verbally.

**Services:** bylaws bylaws bylaws... and turns out Services Review Committee wasn't properly made into a real thing last year, so that's one of the bylaw motions (Committee Terms of Reference modification) in your packets today..!

OTHER PROJECTS/ONGOING ISSUES

**Advanced Room Bookings:** Still hoping for no more two week deadlines! Hard to move on that lately because some of the most important staff to work with on this project have been sick lately!

**SSMURBS:** meeting to review more deliverables from developer, but still so many problematic bugs popping up on the back-end management side... the worst.

**Space in Shatner campaign:** status quo on my end... will discuss with services at transition trainings with them!

**Event Contracts/procedures:** very integrated with bylaw change process.

**Bylaw review:** The current notice-of-motion versions as you can tell are still very much drafts, but will be meeting with C&S reps soon hopefully and with other important stakeholders to finalize them for hopefully a really solid and interesting discussion at next Council! It's really important/major stuff, and includes new "C reps" and "S reps" idea as discussed last Council and better reporting mechanisms for them and so much more..!

**Concordia building project/campaign:** postponed because Pauline couldn't make it to later in April, so excited!

**302 lighting project:** waiting on a new quote/IREF approval but should be put into next year's building budget for sure!

#### COUNCIL & COMMITTEES

- **Gardens & Grounds Committee** – hope you've noticed the little flood-walls around campus... yes, those are for the inevitable future floods. Had a great meeting this week – biggest news may be that they're installing a whole bunch of new bike racks around campus (YAY!), and that they want to make Lower Field into synthetic turf – what do yall think about that?!?! Seriously, big question!
- **Committee on Student Services** – no new meetings/updates for a while
- **Interest Group Committee**—SQ
- **SSMU Office Social Committee**—best cake & staff ever today!
- **C&S rep check-ins:** SQ
- **SCIAG: co-curricular record project advisory committee**—been put on hold formally apparently, but have had some really good conversations with others in student services etc about the project lately.
- **Vision 2020 steering comm**—they've been having lots of "content jams" meetings, exciting!
- **Building committee:** great meeting about bylaws structure and club offices

So so so much more happened in the past couple weeks but I'll try to report on more of it verbally..!

Respectfully Submitted,

Allison Cooper
