*PGSS – SQ*

*Elections SSMU* – First Year Council elections are approaching, which will give us yet another Councillor!

*General Assembly* – SAVE THE DATE! The General Assembly is October 9<sup>th</sup> from 4:30-?. You will receive more information from me in the following weeks about your role as a Councillor. The one thing you need to know right now is that attendance is mandatory for all Councillors, so start factoring this date into your schedule.

### McGill Administration

*Principal* – She had a great visit to Activities Night! Thanks Joey!! We are looking forward to working with her this year. I am especially excited to see how her style will be different from HMB in places like Senate and BoG, where the Principal can set the tone for the way that the entire body operates.

*Deputy Provost* – Dyens also rolled through last night. Ask him about Quidditch.

*Student Life Coordinator* – SEAMLESS 2.0 will be happening this year, November 17<sup>th</sup>. Mitchell and I will begin working on this project next week. For those of you who attended last year, stay tuned for an opportunity to give us feedback to help make this year even better.

### Faculty Associations

*Presidents' Round Table* – Our first Presidents' Round Table meeting this summer was sparsely attended. The September meeting is next week, and now that everyone is back I am looking forward to great interfaculty collaboration.

### Sustainability

*Environment Committee* – First meeting was Monday. Kristen and Georgette are ready to go and I am excited for this year.

*ECOLE* – SQ
