

### **Report by Buland Junejo (Clubs Rep.):**

- Attended the funding committee on Wednesday
- Attended the steering committee on Thursday
- Attended the club committee on Friday

Every couple of weeks I have some interaction with some of my constituents for example last week I met the Egyptian students association (ESA) and asked if he was having any problems etc.

- Working on my project, which is my main goal for this year.

Sincerely,

Buland Junejo.

### **McGill School of Environment Councillor report – Tuvire Onookome-Okome**

Academics:

Holiday party for faculty and students – December 1<sup>st</sup>

GIS day- To learn from professionals what you can do with your GIS experience, includes food and geography related games November 16th

Peer tutoring and mentoring program all planned out and should start in the winter semester

Events:

SASS/MUGS/MESS movie night November 13 at ecole

MUGS/MESS Ski trip January 6-8, 2 nights

MESS clothing is happening for all who love the school of environment and want some clothing to prove it

More Prof talks (Still deciding what dates)

SSMU Environment committee

Green Life Hacks: DIY Holiday starting Sunday and lasts all week.

Sustainable tip of the week: Swing by a McGill cafeteria to participate in the celebration of local food. This month's local food day will focus on CHEESE! You can purchase local cheeses or meals that feature local cheeses from participating cafeterias.

Remember the earth cannot love/protect you if you don't love/protect it. We are all doctors and our goal is to help heal a very complicated patient ---- The earth.  
(Proverb by Tuvire)
