

**Report of the Vice President (Clubs and Services)  
to SSMU Legislative Council**

*November 1<sup>st</sup>, 2012*

Office hours: Mondays 3-4pm, Thursdays 11:30am-12:30pm!

PERSONAL

Four Floors was great—well done, Szpejda!!

So excited about the newly-renamed Madeleine Parent room!

CLUBS, SERVICES, and INDEPENDENT STUDENT GROUPS

**Club Applications:** Great brainstorming session at our last IGC meeting—really excited about the decision to focus more on full-status than interim-status club applications: it's really hard to judge from a cover letter and member list how a club will do (popularity- and sustainability-wise), so we want to put more effort (and creativity!!) into full-status applications instead.

**Club wish lists:** Aiming to compile a report on this fun consultation method soon.

**CKUT:** Campaign period starts November 1<sup>st</sup>!

**Club bank account forms:** excited to be totally changing how these forms look (finally!) to be less confusing for groups and more efficient on our bureaucratic end—should be posted online by now!

PROJECTS/ONGOING ISSUES

**Culture Shock:** Was AWESOME—major props to Seble, this year's coordinator! Would love to discuss with anyone who went to any events!

**SSMURBS:** Checking in on the software improvements; debating using the old system again instead. Daylight Savings Time bug is TERRIFYING.

**Room booking generally:** we've decided to make EXTERNAL groups follow the same rules as our own student groups (of course!!—but not in recent practice...).

**Advanced Room Bookings:** Promised to send out the application a week ago, but taking longer than expected to figure out an actual ideal process. Thinking of limiting how many events groups can book through this process.

BUILDING PROJECTS

**Plate Club office expansion & sub-basement Musicians' Collective renovations:** Should be starting soon.....

COUNCIL & COMMITTEES

- **Gardens & Grounds Committee** – status quo
- **Committee on Student Services** – status quo
- **Interest Group Committee**—so wonderful
- **Student grievance committee**—status quo

OTHER EVENTS/MEETINGS ATTENDED in the past two weeks:

- Check-in with Club Website Designer, Chris—he's awesome!! So many clubs talked with him already!
- Consultation Fair was GREAT—great theme!!
- Club Hub should be posted soon, still waiting for tech stuff...
- still so excited the Mature & Re-entry students association is restarting—so needed!
- Still waiting on some things to happen in the sub-basement before the temporary storage space can happen

Respectfully Submitted,

Allison Cooper
