

Report of the Vice President Internal to Council

November 12th 2009

For Information

I was out of the office from Nov 3-9th and will have a short report this week.

Events

4Floors

The event was very successful. We had a full house and did very well. We managed to be both more cost efficient and less wasteful than in the past and I am very proud of the event. Thank you to all of you who helped out.

Coffee and Chats

I am finalizing details for this. It will take place on Tuesday, time to be confirmed, at SSMU and we will offer free coffee and a chance for students to come and talk to SSMU about SSMU. Please contact me if you are interested in getting involved.

Holiday/winter Fair

Sebastian and I have begun planning. The Space is booked and we are moving forward with vendors. We are trying to work in many opportunities for student groups to get involved, including doing games and/or booths to fundraise for themselves.

Communications

Website

We are making a few additions and updates to improve the calendar and functionality on the website. Also, we are moving into a new phase to increase usability shortly.

Respectfully Submitted,
Alex(andra) Brown
