Adopted: October 2nd, 2008

- 1.0 The SSMU shall not authorize any increases in ancillary fees until such a time that students will have voted in favour or against by way of a referendum, except those outlined in these by-laws.
- 2.0 Referenda regarding Ancillary fee increases shall take place during the regularly scheduled referendum periods in the fall and winter. Despite the current legislation regarding fee referenda only taking place in the fall, ancillary fees shall be viewed as exceptional and can take place in both of these periods.

3. Pre-Referendum & Referendum Process

- 3.0 The Vice-President (University Affairs) shall seek all proposed ancillary fee increases from the Deputy Provost (Student Life and Learning) and compile them for presentation to Council, along with all information relevant to that fee increase (for example: proposed increases in services to be provided).
- 3.1 The president and vice president (University Affairs) will draft a proposed referendum question based on the information to be sent from the relevant university department via the Deputy Provost (SLL). This draft will then be sent to the department in question for revisions. Although the President and Vice President (University affairs) shall consult and discuss with the university on wording, final approval shall be left with SSMU Council.
 - 3.1.1. All ancillary fee referendum questions shall be without bias. No question shall either encourage or discourage action on the fee in question.
- 3.2 The timeline for presentation of questions shall be as follows:

 - 3.2.2. For winter referenda, The University shall supply all information required to formulate the question no later than the end of the first week of February.
- 3.3 For both referenda periods, the question shall be approved by council no less than 10 days before the opening of advanced polls.
- 3.4 By a 2/3 vote, Council will adopt the wording of the referenda question.
 - 3.4.1.** Council shall, in extreme circumstances, reserve the right to reject a question outright. The only time this may occur is in the case that the university has misrepresented information about the fee in question; or does not in a timely manner provide sufficient information regarding the fee in question.
- 3.5 The ancillary fee referenda shall appear on a separate ballot at the same time as the normal referenda period so as to differentiate university fees from society fees, where technically possible.
 - 3.5.1. Council may authorize the executive to authorize all fee increases rising at the rate of inflation without going to referendum. Inflation shall be determined in the institutional context of McGill, taking into account: McGill salary agreements, energy CPI and Canadian CPI. This provision only covers inflationary increases

up to and including 10%. The calculation of this number must be backed up with university documentation and verified by the VP Finance and Operations of SSMU.

3.6 Council may choose to form a “Yes” or “No” Committee for each fee, or take no position, but not both.

3.6.1 Members of the society may also form yes and no committees.
