

**Report of the Vice President (Clubs and Services)
to SSMU Legislative Council**

October 18th, 2012

Office hours: Mondays 3-4pm, Thursdays 11:30am-12:30pm!

PERSONAL

Sorry for delay—hectic few days..!! In addition to the usual club conflicts/service insanity, had a midterm and another to study for on Tuesday... long week! Advertised for the GA, attended the GA, met with lots of services, tried to work on the room booking system...

CLUBS, SERVICES, and INDEPENDENT STUDENT GROUPS

Club Applications: had a great first IGCommittee!! Great team; see report.

Office Allocations: Now want to start working on everyone's wish lists!!

CKUT: Will be going for a student-initiated 1\$ fee increase this SSMU referendum period! 25th anniversary this year!

Listserv: In an attempt to get feedback from clubs, made a “wish list” form for them to submit their wants/needs from SSMU; got a lot of rants about the room booking system and lack of space (the usual, major issues..!!!!)—will try to compile into a report later.

PROJECTS/ONGOING ISSUES

Culture Shock: SO EXCITED ABOUT THIS—was great opening the package of the “Indigenous Voices on Climate Change” “mobile photo exhibit” and finding how beautiful they were—check them out at the main SSMU lobby kiosk and hung around the building—I wish we always had such amazing & beautiful information/exhibits/art around the building..! Also check out the rest of the events this week!

SSMURBS: Had some great check-in meetings with the wonderful Events Administrator, Mary, and got the ball rolling on the next round of system updates. Installed the first updates, but still so much more to do before Mary's work will be easier and bookings will be processed more quickly.

BUILDING PROJECTS

Plate Club office expansion & sub-basement Musicians' Collective renovations: Still need to be approved by McGill, apparently. Should start soon?

COUNCIL & COMMITTEES

- Gardens & Grounds Committee** – status quo
- Committee on Student Services** – status quo
- Interest Group Committee**—waiting for the members at large and then hopefully will have our first meeting hopefully next week!
- Student grievance committee**—had our first orientation meeting for this committee; an unprecedented number of cases to hear this year..!

OTHER EVENTS/MEETINGS ATTENDED in the past two weeks:

- Class Action project brainstorming
- CKUT AGM
- Consultation Fair (AMAZING JOB, HALEY!! Such a useful theme, great conversations!!)
- Lots of website update check-ins with the Communications & Publications Manager

Respectfully Submitted,

Allison Cooper
