

Motion Regarding Amendments to External Affairs Committee Terms of Reference

Whereas, the SSMU frequently receives mandates to “lobby”, “support” or “take a position” on various issues both internal and external to McGill University,

Whereas, it is not always clear how that mandate should be carried out, or by whom,

Whereas, some mandates require more people-power than can be found within the SSMU Executive, Council, permanent and student staff,

Whereas, groups which are already working on carrying out SSMU campaign mandates require a more clear reporting structure,

Whereas, the External Affairs Committee was previously tasked with assisting on campaigns related to matters external to the university, but some campaigns may in fact be campus-specific,

Resolved, that the following be amended in the SSMU Committees Terms of Reference.

Moved by:

Robin Reid-Fraser, Vice-President (External)
Katie Larson, Music Representative

External Affairs Committee

Strike Campaigns Budgets from “set budgetary priorities for the External Affairs and Campaigns Budgets”

Strike “Support and mobilize for the campaigns of SSMU relating to external issues, including but not limited to postsecondary education policy, environmental issues and human rights issues.”

Add to Membership “SSMU TaCEQ Delegates”
