

**Funding Committee Report
 Fall 2014 Semester**

Overview

- Deadline was set for October 10th this semester
- Applications for this semester and also January of next semester were considered
- Going through the applications received by the deadline took longer than anticipated
- Attempting to give more feedback to groups with their applications

Quick Stats

- Total applications for the semester: 187
 - Approved: 128

Fund Specific Notes

- Club Fund
 - Zeros were considered
 - To make room in the CLF and AF, eligible requests were taken out of the CF
- Campus Life Fund
 - Some applications for CLF were tabled for next semester
 - Lower Field's Ice Rink comes from the CLF
 - Deficit from last year
- Ambassador Fund
 - Fund is completely drained for this semester
 - Deficit from last year
 - Most approved applications are for Full Status SSMU clubs, though the big requests are from the Faculty Associations
 - Many applications tabled for next semester
 - The negative balance is due to one application that we really needed to consider but isn't transferable to another fund

- Space Fund
 - Drained
 - Most of it went to The Flat Bike Collective
- Green Fund
 - All approved requests, except one, are from Faculty Associations
 - Engineering Design Teams are now required to do educational outreach for sustainability/the environment
 - The non-Faculty Association request is for an individual to participate in the UN Framework Conference for Climate Change
- Equity Fund
 - CultureShock came out of the Equity Fund
- Charity Fund
 - Lots of “fundraising” applications but some good community initiative requests
 - Difficult fund to properly and consistently disburse – the Committee will be discussing potential ways to restructure/make things more consistent
- First Year Council Fund
 - A few requests – most were rejected for not fitting the Fund’s mandate
 - Intend to publicize this Fund more next semester

Installments

- By-laws didn’t pass until just before the deadline, so all applications approved for the deadline and after will be following the two-installment system.
 - Fall Deadline and onward – only 40% of the maximum amount is disbursed
- The VP Finance & Operations, VP Clubs & Services and I met to figure out the proper protocol for our end and to ensure some checks for the second installment since the second installment will not be required to go through the Committee
 - Also discussed how to integrate with the club audits
- Receiving inquiries from clubs about issues they encounter and since it’s a pilot project, we’ll be adjusting things as necessary and providing the necessary allowances for groups as we work out the kinks in the system
- Planning on running workshops for how to properly do the funding event report for the second installment (potentially in conjunction with club audit workshops)

Miscellaneous

- One more meeting planned, but not for applications
 - Need to discuss possible restructuring of the funding system to serve groups better
- Funding workshops next semester
 - What information do we need?
 - Budgeting 101

- Q&A
- Potentially expanding to other student groups and not just clubs
- Development of more resources for clubs
 - Extending the Funding Committee 101 document
 - Ambassador Fund Travel Guide
 - Budget templates
 - Sample applications

**Please find attached a summary of all applications and decisions considered in the following pages.
Any questions may be directed to me.**

To the Committee members, thank you for your hard work and patience.

Cheers,

Rochelin Dalangin
