

MOTION RE: ELECTING STUDENT SENATORS FROM THE FACULTY OF ENGINEERING

Whereas, there is a larger turnout of engineering students in the Engineering Undergraduate Society Executive Elections (Total Votes: 896)[1a] than the SSMU Elections (Total Votes: 568)[1b] for the 2016-2017 academic year,

Whereas, the Engineering Representatives to SSMU are elected in EUS Elections as described above,

Whereas, the position of (Engineering) Senator has been uncontested from the Faculty of Engineering since the SSMU Elections of 2014-2015;

Whereas, concurrently holding the election of the Engineering Senator alongside the election of faculty-level association council members may increase the number of interested candidates and voter turnout to the Senator position;

Whereas, Article 8.1(a) of the SSMU Internal Regulations of Representation and Advocacy allows for the election of Student Senators under the auspices of their respective faculty associations [2];

Be It Resolved That, elections for the Engineering Senator position take place under the auspices of the Engineering Undergraduate Society during the Winter 2017 term for the 2017-2018 academic year, in accordance with Article 8.1(a) of the SSMU Internal Regulations of Representation and Advocacy.
