

Romita Sur: VP External- Law Representative (Jan 12, 2017)

LSA:

- Not much to report since we have not had a meeting yet
- Exec is looking forward to a new year and working with the faculty on universal design issues. It might be helpful to discuss common universal design problems occurring in every faculty as some problems might be the same.
- Healthy Legal Minds will be doing their survey this semester so stay tuned about that.

Equity Related Work:

- As some of you know one of the initiatives within the law school #LawNeedsFeminismBecause has gone national. Our social media campaign will be launched in February and we also have our national forum on March 11.
- The Law school is also hosting International Women's Week from March 6-11. We have the Women of Colour Collective's International Women's Day. The Equity Committee is going to collaborate with us on it. If anyone wants to get involved, there are ways to help out and it would be amazing if any councilors wanted to get involved!
