

**Funding Committee Report
 Winter 2015 Semester**

"To give away money is an easy matter in any man's power. But to decide to whom to give it, and how large and when, and for what purpose and how, is neither in every man's power nor an easy matter."

- Aristotle, *Ethics*

Overview

- Committee met eight times this semester
- Deadline was set for January 30th this semester
 - Applications for this semester and the summer
 - Going through the applications received by the deadline took longer than anticipated
 - Fewer number of applications this semester than historically received
 - Quorum was a major hurdle this semester
 - Councillors need to be held more accountable
- Attempting to give more feedback to groups with their applications
- **Deadline for second installments – April 15th, 2015**
 - Extensions granted on a case-by-case basis – groups are asked to contact me by the 15th
 - **No report → no second installment**

Quick Stats

- Total **new** applications for the semester: 132
 - Approved: 117
 - Rejected: 13
 - Most applications had at least a request from one Fund granted.

Fund Summary

**Note: Balances may (hopefully) increase, pending second installment allocations*

	<i>Club Fund</i>	<i>Campus Life Fund</i>	<i>Space Fund</i>	<i>Ambassador Fund</i>	<i>Green Fund</i>	<i>Charity Fund</i>	<i>Equity Fund</i>	<i>First Year Council Fund</i>

Closing	<u>\$-----</u>	<u>\$830.41</u>	<u>\$11.53</u>	<u>\$76.61</u>	<u>\$25,086.34</u>	<u>\$593.71</u>	<u>\$100.23</u>	<u>\$1,841.67</u>

Fund Highlights

- Club Fund
 - Total amount requested - \$68,311.96
 - Zeros were considered
 - After the allocations for applications from the Winter deadline, the CF was reduced from its initial value of \$86,000 and the Committee later decided to stop allocating from the CF altogether
- Campus Life Fund
 - Total amount requested - \$74,952.74
 - CF applications received after January 30th were taken out of the CLF
 - QPIRG's Social Justice Days was not given its previously contracted \$1500
- Ambassador Fund
 - Total amount requested - \$103,789.23
 - Fund is completely drained for this semester

- Huge applications were pooled together and the remaining funds just split evenly across all of them
- New this academic year: individuals were funded for academic trips
 - Overall, it's a good change since funding for such trips are usually scarce while placing a huge financial burden on the attendees.
 - Problem: How much funding is too much for one person?
- Space Fund
 - Total amount requested - \$5,312.86
 - Drained
 - Main project: funding the glass walls for the Chemical Engineering Students' Society's common room
- Green Fund
 - Total amount requested - \$11,448.35
 - Not very heavily requested; still accepting applications
 - Engineering Design Teams are now required to do educational outreach for sustainability/the environment
 - Much thanks to the McGill Formula Electric for their cooperation
- Equity Fund
 - Total amount requested - \$14,443.75
 - Drained
 - Hip-Hop Week was granted a total of \$2300 from the EF
 - Initial decision was \$1000, but it was decided to give most of the year-end balance (\$1300) to off-set the deficit racked up by the organizers.
- Charity Fund
 - Total amount requested - \$29,641.42
 - Drained
 - Lots of "fundraising" applications but some good community initiative requests
 - The Committee would prefer that this Fund be more focused on community initiatives
 - Potentially restrict fundraising applications?
 - Need to communicate to students that there's more to community involvement than throwing money at a problem and calling it a day.
- First Year Council Fund
 - Total amount requested - \$1,895.75
 - A few requests – most were rejected for not fitting the Fund's mandate
 - Need to publicize this a lot more.

Installments System

- **Deadline for submission: April 15th, 2015**
- Groups who asked for the remaining 60% to be released early were evaluated on a case-by-case basis.
 - Needed to provide reason and proof of urgency
- Problems for groups who were suddenly faced with liquidity issues – hopefully now that they're aware, things will be smoother next year
 - Major problems for groups who are not running "events" (i.e., no specific end date for project)
 - Formally institute mechanism for this
- Redesign form so it's more general – some confusion for groups who don't run "events"
- Had workshops/drop-in sessions last week
 - 6 hours; ~5 people dropped by (sigh)
 - Did get some feedback from groups about what funding fails at – will pass those along to my successor
- Despite the problems, the system has helped in minimizing "over-funding"
 - Groups have voluntarily returned their funding even after they were informed of a successful application
 - Some groups received less than the remaining 60% (with some not receiving any at all)
- Expecting the fund balances to go up by a bit

Miscellaneous & Conclusions

- Remaining work for the semester:
 - Incoming applications will be considered pending Fund availability
 - Second installments
 - Recordkeeping & tidying up
 - Transition materials –
 - Want to maintain consistency built over the last three years
 - Returning members? ☺

- Writing a super detailed report for successor
 - How I make recommendations
 - Issues from the past three years and how to deal with them
 - Tips and tricks I've picked up along the way + ideas I didn't get around to trying
- Time permitting: development of more resources for groups
 - Budget templates
 - Sample applications
- Successes:
 - Meetings were a lot more efficient and on-task this year!
 - Thanks, everyone, for trying to make sure we're done before 11! 😊
 - Still retained the entertainment value...
 - Installment system and reducing overfunding
 - Most unresolved issues about funding decisions last year were resolved this year
 - Funding was more consistent across the board
- Issues to address next year:
 - Reducing the time it takes to process applications
 - Would have been two weeks this semester but quorum was difficult to achieve
 - Look into ways to streamline the paperwork/administrative work
 - Smoothing out the problems with the installment system
 - Perhaps restructuring certain Funds
 - Minimum amount for the CF?
 - Remaining unresolved issues for consistency

Please find attached the affiliation breakdown, as well as the summary of all applications and decisions considered in the following pages. Any questions may be directed to me.

To the Committee members, thank you for putting up with the few speed bumps along the way; accepting my sarcasm, very frequent foot-in-mouth comments and numerous arithmetic mistakes; being open and willing to bring up your concerns with anything funding; the great discussions to arrive at a consensus; your sacrifices as we try to make quorum; anything else I may have missed that you have done for funding. Rough patches aside, it was a good year, and thanks for making my last one a good one!

To the SSMU – thanks for the past three years. It was stressful, but it was most definitely fun.

Good luck to everyone!

For the last time,

Cheers,

Rochelin Dalangin
