The Electronic and Paper Versions of the Petition

The Electronic Petition is as follows:

1.1 PETITION TO THE HOUSE OF COMMONS

Whereas:

● the Government of Canada ratified the United Nations Convention on the Rights of the Child (UNCRC) and has responsibilities for the care of children as outlined in the National Child Agenda and the Social Union Framework Agreement and these responsibilities further extend to initiatives with provinces and territories that set out programs such as the National Child Benefit, the Early Childhood Development Initiative and the Multilateral Early Learning and Child Care Framework;
● the degree of flexibility afforded provincial and territorial governments has led to significant variances in services and programs across the country, in direct violation of Canada's obligations as a signatory of the UNCRC, resulting in certain subpopulations of children systematically deriving no benefit from the above-mentioned programs; and
● the potential of children is being lost due to relative invisibility and the lack of standards requiring they be considered and addressed.

We, the undersigned, residents and citizens of Canada, call upon the House of Commons to:

1. Recognize children living in material deprivation, who are homeless, affected by parental addiction, parental incarceration, or government care experience;
2. Remedy the barriers within its own direct payments to families and systems like the Homelessness Partnering Strategy, the Disability Tax Credit Certificate, and Registered Education Savings Plans;
3. Increase supports for these children at particular high risk of adverse life events and suffering the highest level of exclusion, and;
4. Set standards to reduce inter-provincial and territorial disparities that exclude children living in circumstances not considered under current eligibility rules.

The Paper Petition is as follows:

2.1 A PETITION TO THE HOUSE OF COMMONS

SUPPORT THE CALL TO ENSURE THAT ALL CHILDREN BENEFIT FROM SPECIAL PROTECTION MEASURES AND ASSISTANCE
(ENSURING THE RIGHTS OF HIGHLY MOBILE CHILDREN)

We, the undersigned Citizens of Canada, draw the attention of the House of Commons to the following:

- WHEREAS, The United Nations Convention on the Rights of the Child (UNCRC) is a human rights treaty which sets out the civil, political, economic, social, health and cultural rights of children; the Convention defines a child as any human being under the age of eighteen;
- WHEREAS, The first paragraph of Article 3 of the UNCRC tells us that the best interests of the child shall be a primary consideration in all actions concerning children;
- WHEREAS, The Government of Canada ratified the UNCRC on December 12, 1991 and has responsibilities for the care of children as outlined in the National Child Agenda and the Social Union Framework; these responsibilities further extend to initiatives with provinces and territories that set out programs such as the National Child Benefit, the Early Childhood Development Initiative and the Multilateral Framework on Early Learning and Child Care;
- WHEREAS, Housing First funds are one size fits all, only fund for the adult individual, with no additional allocation for a parent with children and the amount is set at a rate per adult, which further materially deprives children;
- WHEREAS, many children are excluded from receipt of the Canada Child Benefit and Child Special Allowances, as they are in informal care arrangements wherein their caregivers are ineligible to claim the tax deduction for a child, and therefore cannot establish entitlement for the monthly payment;
- WHEREAS, the degree of flexibility afforded provincial and territorial governments has led to significant variances in services and programs across the country; in direct
violation of Canada’s obligations as a signatory of the UNCRC, certain subpopulations of children systematically derive no benefit from the above-mentioned programs;

● WHEREAS, the potential of children is being lost due to relative invisibility and the lack of standards requiring they be considered and addressed;

THEREFORE, your petitioners call on the Government of Canada, having agreed to meet the standards in the UNCRC, to recognize the barriers within its own direct payments to families systems and remedy them; that the funded services like the Homelessness Partnering Initiative provide funding for client supports for children; that it provide Canada Child Benefit and Child Special Allowances for all children; that it needs to set standards within the Canada Social Transfer to ensure that all children-without discrimination in any form benefit from special protection measures and assistance and to recognize children of parents with addictions and homeless children in need of special support to enable them to achieve improved life outcomes and receive equal benefit to their rights under the UNCRC; that it reduce the level of material deprivation for children who move a lot for reasons related to homelessness, parental addiction, incarceration, or government care experience; that it reduce interprovincial and territorial disparities that exclude children living in circumstances not considered under current eligibility rules; and that it increase supports for children living with the highest level of exclusion.
Appendix C

Variations in Weight, Length, and Language of the paper petition versus the electronic petition

1. Variations in Weight: Electronic Petition
   a. The Electronic Petition requires a minimum of 500 signatures prior to January 15th.
   b. Once achieving 500 signatures, it guarantees a 1 minute presentation period, for the sponsoring Member of Parliament to discuss it in the House of Commons.
   c. However, whether it receives 500 signatures, or 500,000 signatures, the Member only gets to present it once, for a total of 1 minute.
   d. Once the petition has been presented, the government has 45 calendar days to respond.
   e. It is then closed.

2. Variations in Weight: Paper Petition
   a. The Paper Petition requires a minimum of 25 signatures, with no specific deadline.
   b. Once achieving 25 signatures, they are sent to the Parliamentary Clerk’s office, who then verifies them.
   c. If all 25 signatures are verified, the sponsoring Member of Parliament is guaranteed a 1 minute presentation period.
   d. Hereafter, for every 25 signatures verified, the sponsoring Member, or a delegated Member, is allotted 1 minute to present it to the House.
   e. Every time the petition is presented in the House, the government has 45 calendar days to respond.
   f. It remains open for an indefinite amount of time.

3. Variations in Length
   a. The Electronic Petition is capped at 250 words.
   b. The Paper Petition had no definitive limitations in length.

4. Variations Language
   a. As the electronic petition is substantially shorter, the language had to change in order to be more concise.
