

Senate Caucus Representative Report — Council of October 18, 2018

This report details my activities spanning July 1 to October 14, inclusive.

This report is an updated report following early adjournment of the Legislative Council of October 11, 2018.

SSMU Activities

No current committee assignments; assignment to follow. Could not attend CSS meeting 2018-09-19 due to clinical duties. Could not attend Health Advisory board meeting 2018-10-14 due to clinical duties.

Discussed motions being presented at the September 27 Legislative Council at the preceding Senate Caucus. Contacted Gillian Nycum to arrange for a possible meeting with the Senate Caucus; meeting was later confirmed, with specific discussion topics to follow at the time of writing.

MSS Activities

Spoke informally with Dean David Eidelman about my role as student senator this year and the motion at Senate in favour of divestment from fossil fuels. Fall elections have been completed at the MSS.

I am now in lead of the process for the renewal of the MSS-McGill MOA, expiring May 31, 2019, in conjunction with the MSS board.

First MSS General Council held October 2; budget approved pending completion of actual figures from last year, multiple funding decisions.

I was involved as a referee in the blinded selection process for the MSS Government Affairs and Advocacy Committee. Successful applicants were advised of their selection on October 13.
