Club Definition

A Club is an official, student-run group recognized by the Students’ Society of McGill University (SSMU), consisting of 25 or more McGill University student members. A Club is defined by its function or purpose and must be distinct from other recognized SSMU groups. A Club is under the legal oversight of the SSMU.

Process to Become a Club

A group becomes a recognized Club by application to the Club Committee (Committee of Council, see Committee Terms of Reference). The Club Committee will review the application and determine if the application can proceed based on criteria outlined in the Internal Regulations of Student Groups. If approved, the Club Committee will then create a report identifying the group(s) for approval and present it to the Legislative Council, which must vote on the recommendations. If approved at Council, the resolution(s), must be ratified by the Board of Directors. Following ratification, the group will then be recognized as an interim Club. The Vice-President Student Life will inform the SSMU administrative staff (Communications, Operations, Accounting, Building and General Administration Departments) to begin allocating resources to the new Club.

During the interim status period (5 months from the date of ratification), the Club must prove its ability to function outlined in the Internal Regulations of Student Groups. If the interim status club fulfills its obligations, it may apply to the Club Committee to receive full status. The Club Committee will review these applications and either approve or extend their interim status. If the club does not fulfill its obligations, it may be stripped of interim status by the Club Committee. If the Club is stripped of its interim status, either the Clubs Commissioner or Vice-President Student Life will inform the SSMU administrative staff (Communications, Operations, Accounting, Building and General Administration Departments) and all pending or implemented resources to the affected Club will be revoked. If the Club fulfills its obligations, the Club Committee will then create a report identifying the group(s) for approval and present it to the Legislative Council, which must vote on the recommendations. If approved at Council, the resolution(s), must be ratified by the Board of Directors. Again, the Clubs Commissioner or Vice-President Student Life will inform the SSMU administrative staff (Communications, Operations, Accounting, Building and General Administration Departments) to begin allocating resources to the Club.
Benefits of Status

**Interim** status allows for a Club to apply for a bank account and funding. All other SSMU resources are applicable once an **interim** Club receives **full** status.

Process to Terminate a Club

If a **full** status club does not fulfill its obligations, the Club Committee can convert the Club to **interim** status or recommend the termination of club status altogether. In order to terminate club status, the Clubs Committee must report their recommendation(s) to the Legislative Council, which must vote on the termination. If resolved, the termination must then be ratified by the Board of Directors. Following ratification, the group will then be terminated as a Club. In egregious cases that affect the financial or legal integrity of the SSMU, the Board of Directors may take action or vote on the recommendation(s) directly. If terminated, the Clubs Commissioner or Vice-President Student Life will inform the SSMU administrative staff (Communications, Operations, Accounting, Building and General Administration Departments) of the change and all pending or implemented resources provided to the affected Club will be revoked (if not already revoked prior to the resolution).

Process to Open a Bank Account

All status Clubs are entitled to receive a bank account. If a Club wishes to open a bank account, the following steps are observed:

1. The Club will file a *Banking Resources Contract* for the transaction, academic year;
2. Once submitted the SSMU Accounting Department will verify the signing authorities by referencing the *Student Group Information Form*;
3. If the names match the entry(ies), the Accounting Department will process the request within ten (10) business days;
4. If the names do not match the entry, the Vice-President Student Life will contact the Club for verification and request that the necessary changes are made for processing the request;
5. Once the account is created the Club is notified and the bank account becomes active for club activities.
6. Club signing authorities must make an appointment with the SSMU Accounting Department to receive any physical resources related to the account;

When the Club Executives change, the Club must submit another *Banking Resources Contract* and steps 1 through 5 are repeated.
Status Sanctions

To remain in good standing a Club must fulfill 6 criteria:

1. Submit a fall and winter audit;
2. Attend the training workshop(s);
3. Submit the student group information form;
4. Adhere to the Club constitution;
5. Adhere to all SSMU and McGill policies and governing documents;
6. Inform the SSMU Building Director or Operations Director of all events (with the exception of events in the University Centre) twenty (20) days prior to event commencement and deposit (if applicable) to determine insurance compliance.

If the club fails to perform any of the above tasks, sanctions will apply:

1. A Club may be reduced to **interim** status for a period of 6 months, if already a **full** status Club;
2. An **interim** status Club may have their **interim** status extended by 6 months; or
3. If already sanctioned, the Club may be terminated;

Administrative Sanctions

As **interim** or **full** status, Clubs will benefit from a number of SSMU resources, including, but not limited to, free room reservations, a bank account, funding opportunities and so forth. If, however, these benefits are misused, administrative sanctions may apply. Sanctions may be the suspension of one, some or all benefits for a determined time period. If misuse continues, then Club status may be affected (see Status Sanctions).

Various departments can only apply sanctions to clubs by suspending or terminating access to SSMU services. Reasons for doing so can be varied, however, there will be no exceptions to the application of the sanctions. The metric for sanctions are described in the following table:
<table>
<thead>
<tr>
<th>Issue</th>
<th>Sanction</th>
<th>Duration</th>
</tr>
</thead>
<tbody>
<tr>
<td>No or outdated Student Group Information Form</td>
<td>● Suspension of room bookings,</td>
<td>Until the submission of the form</td>

</tr>
<tr>
<td>Unauthorized purchase of cannabis or alcohol</td>
<td>Suspension of all resources</td>
<td>90 days, 1 year and/or status revision (TBD regarding severity)</td>
</tr>
</tbody>
</table>

In all cases, any suspension or termination will be communicated to SSMU administrative staff (Communications, Operations, Accounting, Building and General Administration Departments), the VP Finance and VP Student Life. Applied sanctions will be recorded in the Student Group Master List without delay. For Clubs subject to status revision, the VP Student Life and the Club Committee will review the recommendation and if approved, will submit the revision request to the next Legislative Council for approval. Following approval at Legislative Council and ratification at the Board of Directors, the VP Student Life will inform the SSMU administrative staff (Communications, Operations,
Accounting, Building and General Administration Departments) of the change and all pending or implemented resources provided to the affected Club will be revoked or modified (if not already revoked or modified prior to the resolution).

Club Requirements

In order to become a Club or maintain Club status, all Clubs must fulfill/follow several basic requirements:

Workshops

Training workshops provide training to Clubs and services. They inform groups about Club requirements, finances, resources, contacts, accessibility, and so forth. All Clubs are required to attend.

Audits

All Clubs are required to submit their financial documentation to the SSMU Club Auditor in the fall and winter semesters. The Club Auditor will review the documentation (e.g. receipts, budgets, etc…) and compare the information with the bank records.

Governance

All Clubs must have an approved constitution. The constitution will describe the purpose, structure, high level procedures and mechanics of a Club. All constitutions must reference and defer to the SSMU constitution and governing regulations. Any constitution or action of the Club that violates the SSMU constitution and governing regulations, McGill policies or legal statute will result in sanction and/or status revision.

Form Submission

SSMU requires all Clubs to submit up-to-date information with respect to their Executive structure and contact information. Clubs must update the information via on-line form every year at the beginning of the fall semester or when any change occurs in their Executive structure or contact information.

Legal Status

All Clubs are part of the SSMU and have no legal status. Therefore, Clubs cannot enter into legally binding contracts or engage in activities that would pose a risk or liability to the SSMU.
Insurance

All Clubs that hold events or activities are required to inform the SSMU of said events or activities prior to commencement to determine if the SSMU has the proper insurance coverage. These events and activities must be declared via the Event Declaration and Insurance Form located on the SSMU website.

Cash Controls

Cash handled by Clubs must be kept in a secure lock box at all times. Whenever transactions are made with cash a physical receipt must be generated. One copy must be provided to the recipient and the other must be enclosed in the lock box. All receipts must include the following information:

1. Amount of the transaction;
2. Date of the transaction;
3. Description of the product or service sold;
4. Signature of seller.

Once the cash is collected, the receipts must be reconciled (e.g. spreadsheet) and deposited into the bank without delay. The receipts and spreadsheet must be kept and submitted to the Club Auditor upon request.

Credit Cards

Credit cards must be kept secure and used only by the designated person identified on the card. Whenever transactions are made with a credit card the receipts must be kept and submitted during audit sessions.

Human Resources

Clubs are not permitted to recruit, select or engage employees or contractors. Clubs are also not permitted to remunerate members, volunteers or Executives.

Alcohol

The following regulations describe what clubs can and cannot do with respect to organizing events that include alcohol and alcohol purchasing:

1. Funds may not be used for alcohol purchases except alcohol purchased at venues holding a valid liquor permit for the purpose of consumption on-site;
2. Individuals will not be reimbursed for alcohol purchases made outside of venues;
3. The SSMU must approve any events involving alcohol. Clubs must submit a description of their event request via the SSMU EMS (University Centre events only) or directly via the Event Declaration and Insurance Form located on the SSMU website.

4. If club funds are used for alcohol purchases that are not permitted within these regulations, sanctions will apply.

Cannabis

Club funds may not be used for cannabis purchases under any circumstances.
