AUS Representative Council Report
September 21 2019
Arts Undergraduate Society

- Climate Strike GA: General Assembly has been called after receiving a petition of 200+ signatures, GA will take place Wednesday September 25 in Leacock 132. As per the constitution, we will need a quorum of 500 to pass a resolution to strike. If the resolution passes, it will go to an online vote that requires a quorum of 8%. The strike would be symbolic in nature and would not cancel classes, however it would mandate the AUS as an advocate for students who choose to not go to class. This campaign would not have been possible without the incredible work and advocacy of Climate Justice Action McGill.

- Construction in Leacock has made a lot of operations difficult including room/table bookings for clubs and departments, and BdA.

Rep Portfolio
