a. Motion Regarding Adoption of the Standing Rules for the 2019-2020 Legislative Council - UNANIMOUSLY APPROVED

The President explains the standing rules for the Legislative Council. It is adapted from Robert’s Rule, but adjusted to fit the needs of the Legislative Council, including consent agendas and providing further leeway for the Speaker in order to enforce a safer space for all Councillors to debate.

Question Period:

VP Finance asks regarding clause 4.7.1., as to the colour scheme of the SSMU placards surrounding the preferred pronouns. Understanding that the current placards are all one colour, VP Finance asks if the placards will be reprinted, or will the clause be struck.

The Speaker looks favourably on clause 4.7.1 being struck.

The President indicates that in the interest of equality, as well as ensuring a lack of discomfort, the uniform change was made to incorporate SSMU red on all placards.

Member of the Gallery Asa Kohn, Science, asks the Legislative Council if an amendment will occur to fix the incorrect numbering regarding Sections 4.8 and 4.9 of gender pronouns.

Member of the Gallery Alex, of the McGill Daily, asks the Legislative Council if there is a potential for the pronouns on placards to ‘out’ individuals who do not wish to for their pronouns to be known, and if this issue is being remediated.

The Speaker explains that the recommendation arose from the work of the General Neutral Language researcher. The Speaker explains that Councillors are not obligated to include their preferred pronouns on the placards, and can have them added or removed at any time.

Debate:

VP Finance motions to strike 4.7.1, and amend 4.9, seconded by the President.

VP External objects to the amendment, citing that due to legitimizing the work of the researcher, as well as understanding the importance of equality versus equity.

VP University Affairs states taking partial responsibility for the recommendation to change the outline of the colours to all red, citing discomfort from previous year’s council. VP University Affairs also notes that this is important in enforcing equity.
Senator Lametti arrives at 18:30.

VP External reiterates that on the question of discomfort, the entire proceedings of the Legislative Council being brought to the attention of an individual misgendering another individual would also create discomfort.

VP University Affairs adds that in exchange for removing the colour, has suggested increasing the font size of the gender pronouns to prevent misgendering.

Motion to amendment to strike 4.7.1 and amend section 4.9:

In favor: 19
Opposed: 1
Abstain: 5

This motion unanimously passes.

Senator Lametti observes that 6.1.2 is unclear regarding the reference to a faculty association.

The Speaker replies, indicating that Councillors from the same faculty may not be the mover and seconder of a motion.

Senator Lametti moves to strike section 6.1.2, seconded by Councillor Chase.

Debate:

Senator Lametti explains that motioning and seconding is used to prevent an imbalance of power between Councillors and Executives, and that an imbalance does not exist between Councillors of the same faculty, and as such, would restrict democratic rights.

The President explains that the benefit of the motion is to foster inter-faculty collaboration.

Councillor Flaherty agrees with the amendment, citing restrictions of supporting a motion by two members of the same constituency, especially in situations in which the main movers have the most expertise concerning the motion.

Member of the Gallery Asa Kohn explains that seconding is used in Robert's Rules to discourage interruption by one individual, and does not believe restricting seconding is necessary.

VP University Affairs motions to Call the Question, seconded by VP External.

This motion passes.
Motion to Strike 6.1.2:
In favour: 22
Opposed: 0
Abstain: 3

This motion unanimously passes.

Debate:

VP External motions to strike 2.7.5.2, seconded by Councillor Flaherty.

VP Finance motions to also strike 2.7.5.3 as well as a friendly amendment, seconded by VP External.

Debate:

Councillor Marcoux asks in the case of misgendering, could another Councillor make use of parliamentary privilege to point out the misgendering.

The Speaker replies to Councillor Marcoux, stating that only the individual being misgendered may bring attention.

VP External would like to consider to reinstate the motion 2.7.5.3 to change the wording from "they should" to "they may".

The Speaker strikes this as impermissible, as amending an amendment to an amendment is not permissible.

VP University Affairs motions to call the question, seconded by VP Student Life.

This motion unanimously passes.

Motion to strike 2.7.5.3:

In favour: 16
Opposed: 0
Abstain: 10

This motion unanimously passes.

Debate:
Member of the Gallery Asa Kohn states that it does not seem responsible to leave interpretation up to the Speaker and the Judicial Board. VP University Affairs explains that their interpretation regarding the amendments is the fact that there is no one way that is most comfortable to everyone. If someone is misgendered, it is their own experience, and subsequently, objects to written proceedings present in regards to solving these forms of sitUniversity Affairs Wilsontions.

Vice-President External Gwiazda-Amsel disagrees with the interpretation put forward as it is responsibility to proactively create avenues for safe space creation.

Motion to strike on the amendment 2.7.5.2 and 2.7.5.3.

In favour: 19  
Opposed: 0  
Abstain: 5

This motion unanimously passes.

Debate:

VP External motions to reintroduce section 2.7.5.3., with the amendment of "should" to "may", seconded by VP University Affairs.

Vice-President External Gwiazda-Amsel explains that the motion provides an avenue of recourse for individuals being misgendered, but does not create the same enforcement as previously.

Motion of amendment of 2.7.5.3:

This motion unanimously passes.

Debate:

Senator Lametti seeks unanimous consent to amend to move .7 into the Appendix, seconded by VP External. This motion unanimously passes.

Motion to adopt the Standing Rules of 2019-2020 Standing Council as amended:

Councillor Dixon raises a question on behalf of a constituent for VP Internal Bhalla regarding the bilingualism of the Listserv and inquires if there are currently any efforts being made to improve the French grammar and spelling mistakes.

VP Internal replies, identifying that the SSMU translator used a machine software instead of formally translating it. Moving forward, VP Internal will be reducing the student translating staff from two to one, and getting their work verified by an external translation agency that will be hired later this week. A formal apology will be in the Listserv and website.

There are no questions regarding this motion.

Debate:

VP External motions to alter the expiry date of the policy by one year earlier, citing it as a form to begin the timelining of stagnating policy expirations.

Questions:

Senator Lametti questions why the policy should be extended only by one year, understanding that this is a policy that will not need to change much in the future.

VP External explains that the policy is not the issue, but rather to create a timeline of stagnated expiration dates, as to increase the standard of care.

Debate:

Councillor Chan asks why the expiration should be set one year earlier, as opposed to one year later.
VP External motions to amend the amendment by increasing the expiration by two years, seconded by Councillor Dixon.

This motion unanimously passes.

Voting Procedure:

In favour: 23

b. Motion Regarding Plan on Clubs and Services as SSMU's Highest Priority (2019-03-28) - **UNANIMOUSLY COMMITTED**

The Speaker explains that the motion was postponed from March 28, 2019 Legislative Council meeting, allowing the Executive Committee to continue to work on the plan over the summer months.

Question Period:

There are no questions.

Debate:

Councillor Chase motions to amend Appendix A, seconded by President Buraga.

Question Period:

Councillor FLaherty inquires if the mover of the amendment would be open to separating amendments 6 and 7, citing that the two amendments are different in nature.

Senator Lametti motions to consider the amendments in seriatim, seconded by President Buraga.

This passes unanimously.

Question Period:
The President inquires if Councillor Chase had the opportunity to consult Clubs Representative Flaherty or the VP Student Life when creating the amendment

Councillor Chase replies, stating that he did not, though he did discuss with VP Student Life if #6 currently existed, and found out it did not. Councillor Chase explains that the creation of the amendments is for new Club executives who may not receive or be aware of the information.

Councillor Chan asks who will be responsible for creating the checklist.

Councillor Chase believes it under the purview of VP Student Life, though he is under the impression that the checklist currently exists, it is simply currently not being submitted to all club participants.

VP Student Life states that the checklist is available on the website, in the handbook, and on social media.

Councillor Chase believes it to be beneficial to also send through email, to ensure all have access to it.

Debate:

The President inquires if VP Internal believes it beneficial to send the checklist electronically to all McGill students.

VP Internal does not see the value of sending the checklist, explaining that students already currently receive a large number of emails from SSMU, with many being deleted or sent to span. Those that are interested will find the checklist and contact VP Student Life.

Councillor Flaherty explains that sending a checklist to all McGill students takes away autonomy from the Executive to analyze the club's portfolio.

Councillor Fakih asks if there is currently an email bank of all SSMU Club Exec's emails.

VP Student Life explains that under the SSMU Recruitment Information form, SSMU is reliant on those to complete the form. If the form is completed, then the information is available. However, the contact information for all club’s mailboxes is available.

Councillor Chase explains that this method would be a more general and broad way of informing individuals of this information

VP External supports the motion, citing it due to the large amount of support Activities Night receives.

Councillor Fakih suggests including the checklist as part of the regular SSMU Listserv.
Senator Lametti understands the amendment as the wording being inclusive, and is up to the discretion of the SSMU Executives in order to determine how to best share the checklist.

Councillor Chase agrees that the wording is inclusive, and explains that the reason for the motion is for those who "may fall in the cracks" in receiving communications from SSMU.

Councillor Bhutkar moves to call the question, seconded by Councillor Chan. This unanimously passes.

Motion for the amendment to add Item #6 under Section 2 of Appendix:

In favour: 11  
Opposed: 4  
Abstain: 10

Item #7 Debate:

Senator Lametti asks for the rationale from reducing the minimum number of points in the rubric.

Councillor Chase states that moving the amendment is due to the principle of SSMU's goal of providing clubs to students, that students should be able to choose how they plan their own clubs, and as such, should make it easier for students to establish SSMU-affiliated clubs.

Councillor Chan asks if there is a particular point on rubric that Councillor Chase would like removed.

Councillor Chase believes simply that the threshold for being able to pass both interim and full-status clubs is too high, and by increasing the number of clubs available to students, would be able to grant students further opportunities.

Councillor Bhutkar asks if there is a specific decrease in number of points.

Councillor Chase believes the answer is vague, with simply a goal in mind of increasing the number of clubs.

Councillor Flaherty asks Councillor Chase why there was no consultation, being under the impression that changes to the rubric must be passed by the VP Student Life in consultation with the Clubs Committee. Councillor Chase apologizes for lack of time for consultation, but hopes that any problems the amendment may have will arise in the Legislative Council meeting.

VP External motions to call the question, seconded by Councillor Chan. This unanimously passes.

Abstain: 10

Debate on motion to commit:

Motion to commit to Clubs Committee. This motion passes unanimously.

The Speaker explains the motion, stating that the motion was postponed from a previous meeting of Legislative Council. The Speaker explains that it was presented by the previous Clubs representative, stating that SSMU must give sufficient notice of Clubs workshops.

Question Period:

VP Student Life asks if the motion would apply to make-up club workshops, or just the mandatory workshops.

The President believes it most suitable for the question to be committed to VP Student Life or Clubs Committee. VP External asks if the inclusion of the word "further" includes make-up workshops. President Buraga reiterates that this should be committed to VP Student Life or Clubs Committee.

Councillor Flaherty states that she has heard that the motion is futile, and thus, is inquiring if there are currently any other existing policies that would deem this motion futile.

The President states that VP Student Life was able to communicate with Club Executives in the scheduling of Club workshops three weeks prior, but believes this would be beneficial in the time forthcoming to ensure it is consistent.

Debate:

VP Finance motions to commit the motion to the Clubs Committee, seconded by Councillor Marcoux.
VP External motions to bring the motion back to the Legislative Council two meetings from today’s meeting, seconded by VP Finance and Councillor Marcoux.

Councillor Flaherty states that it is not appropriate, understanding that Clubs Committee has not convened yet. VP Student Life agrees with Councillor Flaherty, identifying the timeline is too soon.

Councillor Wright asks when the next Board meeting is, and if there is a set time and day for all future meetings.

Question Period:

Senator Lametti asks for the precedent for the motion, finding it unlikely that it arose simply out of mutual agreement.

The President explains that during the summer, situations arose in which some executives wanted to discuss items immediately, while others wished to wait until the next Executive Committee. Senator Lametti asks that if there is a dispute within the committee, why it simply does not go to the Board of Directors instead.

VP University Affairs clarifies that the disagreement may not necessarily be on the matter of the question, but rather if those items should wait for an in-person meeting to be discussed or through email.

Vice-President Finance Haward motivates, explaining that Cycling at McGill has asked to remove its club status, and transfer all funds to McGill Athletics. McGill Athletics has been contacted, and has been willing to accept the funds.

Question Period:

Councillor Flaherty inquires if anyone has looked at other possible clubs whose jurisdiction could be moved to be under that of McGill Athletics. VP Finance states that by bringing this to Council, this will establish precedence, and predicts that the Clubs Committee will look at this for reference when considering the status of other clubs. Senator Lametti asks why the club wishes to be under the purview of McGill Athletics. VP Finance states that cycling will be formally recognized as a sport by McGill, as well as the fact that as they are currently under SSMU, no insurance policy adequately covers their organization. They felt they would be best served by being with other sports.

Senator Lametti asks if, in the hypothetical it is under McGill Athletics, will it still be subject to SSMU regulations. VP Finance replies that they will not, and will instead be under regulations of McGill Athletics. Senator Lametti asks about the origin of the funds in the bank account, and in what way will they continue to receive funding by SSMU.

VP Finance explains that the majority of funds in the bank account are self-raised funds, and under the assumption that the motion will pass, after this week they will no longer receive funding or assistance from SSMU.

Debate:

VP Finance reminds everyone that the funds in Clubs bank accounts belong to SSMU.

Senator Lametti motions to retract the amendment - this motion fails.

Councillor Morgan understands that currently, the amendment is for the funds of the club, but future VP External may understand otherwise, and may think they are responsible for funding of cycling even though they are not under SSMU.

Councillor Fakih motions to amend the amendment to the "whereas" clause, but change the phrase to "would be able to receive their current funds or balance".

The Speaker rules Councillor Fakih's amendment out of order, as the original amendment was to strike.

Councillor Chase states that as the first "be it resolved" clause states that funds will be transferred to McGill Athletics, whether the "whereas" clause is included or not, it is clear that the balance of the funds will be transferred.
