4. Adoption of the Agenda --ADOPTED

The agenda is unanimously adopted.
5. Report of the Executive Committee

Director Bhalla says they approved a lot of minutes, approved the extension of contract for Isabelle OKE. The Executive Committee dealt with a fewhirings, mainly for Services. VP Finance adds that with the hiring of Isabelle Oke, typically the HR policy does not permit the SSMU to hire former executives for casual staff positions. This was a position created specifically for the former VP University Affairs. The reason the contract has been extended is that the individual in question can finish their report and research, so that their extensive work previously does not go to waste.

6. Legislative Council Motions for Ratification

   a. Motion Regarding Policy on Moratorium on McGill Fees Until Fossil Fuel Divestment
      2019-09-26 – UNANIMOUSLY APPROVED

   Director Bhutkar adds that essentially this motion pushes McGill towards divesting from Fossil Fuels. Instead of targeting fees McGill uses in day-to-day, they are targeting auxiliary fees that McGill has access to. McGill won't be able to ask students if they can pass another fee, it will be targeting fees such as the Athletics fee amongst others. This will only last until 2024, but hopefully by then, they will see results from this.

   VP Finance explains that they should also consider if Council decides to approve a fee referendum question that violates this policy, then it is up to the Board to step in at this point, and Board should consider their role in the future.

   Director Wright reminds the Board that if McGill decides to run a referendum campaign, SSMU is obligated to run a NO campaign. It would be good to remind Council of their duty, but they cannot mandate them to do anything.

   VP Finance adds that the only ancillary fee that would be brought to referendum would be the Athletics Facility Improvement fee which was voted down at Council. As far as he can recall, the only other ancillary fee changes coming would be a change in the registration fee and an additional fee.

   Directors Buraga and Director Gwiazda-Amsel enter at 18:13.

   This is tabled until Confidential session.

   Returned to this at 20:07.

9. For Discussion

   a. Nominating Committee

Director Rubenok says that more nominees are needed for both Judicial Board and Board of Directors. Director Gwiazda-Amsel asks if the Communications department has considered other avenues of communicating, such as tabling, etc.

Director Rubenok replies that they have not considered this, but he adds that the Nominating Committee is one of the most time consuming committees on the Board and it is already difficult to
get two voting members of the committee to sit in on interviews so he highly doubts that they will be able to organize such a venture.
