What I have done this semester so far:

- Attended all meetings for clubs committee this semester with the exception of this past one, I was out of town.
- Helped to improve conditions for clubs who have lost status or have other difficulties, these changes will help clubs feel more confident in SSMU.
- Continued to review constitutions for clubs
- Did some liasing with clubs to see if I could be of any assistance

Other updates:

- Member of the steering committee, have helped make our legislative council more efficient and shorter (yay)
