Issue

The Students’ Society of McGill University (SSMU) is committed to making student Clubs and Services its highest priority. Over recent iterations of the SSMU, a clear plan to make the experience for Clubs and Services better has not been defined.

Background and Rationale

The SSMU is committed to making student Clubs and Services its highest priority. Clubs and Services constitute a significant part of student life on campus and is a large part of the SSMU’s operations. Clubs and Services as SSMU’s Highest Priority Policy was adopted by the Legislative Council on April 4, 2019.¹ This motion contains detailed plans and actionable steps in order to fulfill SSMU’s commitment to make Clubs and Services the highest priority.

Alignment with Mission

The following motion will implement a plan to make Clubs and Services the SSMU’s highest priority. Clubs and Services impact a large number of students at McGill University. There are over 230 Clubs and 15 Services operating under the SSMU at the time of this motion. The adoption of this Plan is inline with the Clubs and Services as SSMU’s Highest Priority Policy.²

1 SSMU: F. Clubs and Services as SSMU’s Highest Priority Policy
2 SSMU: F. Clubs and Services as SSMU’s Highest Priority Policy
## Consultations Completed
Consultation has been conducted with previous SSMU executives and the Club Committee, including Club executives and members-at-large. The Club and Service representatives to the Legislative Council have also been consulted.

## Risk Factors and Resource Implications
There are no risk factors, as this policy reiterates the importance of Clubs and Services to student life on campus. There are financial resource implications such as funding the club portal, which should be done through a club fund increase, as well as staffing costs for added clubs and services personnel.

## Sustainability Considerations
The mandated sustainability workshop will help Clubs and Services to reduce their environmental footprint. Other workshops such as Equity and Gendered and Sexual Violence Policy will also equip Clubs and Services with social sustainability.

## Impact of Decision and Next Steps
The Club representatives will be mandated to conduct semesterly consultation sessions. The Vice-President (Student Life) and Vice-President (Finance) will conduct semesterly meetings with Services. Additionally, there are a number of administrative guides and documents that must be prepared by the Vice-President (Student Life). There will also be a need to procure funding for the proposed club portal as well as staffing costs.

## Motion or Resolution for Approval
Be it resolved that the Legislative Council of the SSMU adopt the Clubs and Services Plan as found in Appendix A;

Be it resolved that this Plan shall expire on January 1, 2025.
