Seconded by:	Jonah Fried <i>Inter-residence Council Representative</i>		

Issue The SSMU Operations Department has requested greater clarification on the rules and regulations surrounding internally organized events. Given that many creative decisions are taken by student-centric bodies while operationalizing these decisions typically falls to the Operations Department, the following policy serves to formalize the operating procedures related to SSMU Events.

Background and Rationale SSMU internal procedures exist in something of a nebulous state. While many, such as employee manuals and internal communications guides, do not necessarily merit governance formalization of the same degree, it is clear that a far greater population of students interact with SSMU events. Through the adoption of a clear set of procedures for hosting events, the SSMU hopes to enstore institutional memory with regard to procedures. Furthermore, a clear set of rules on matters of intoxication and V.I.P. culture will hopefully increase the accessibility and variety of SSMU events, such that they can better serve the full student population.

Alignment with Mission In the interest of explicit and direct accountability, the present policy outlines ‘do’s’ and ‘don’ts’ of events such that problematic behaviour can be identified as such.

Consultations Completed The Events Management Policy (“the Policy”) included as Appendix A has been reviewed and revised by the Board of Directors, including an ad-hoc Working Committee of the Board of Directors, to reflect the legal and operational needs of the SSMU in event planning;

Risk Factors and Resource Implications The Policy has few resource implications insofar as these steps are already taken in general. It will, in some cases, require a small workload increase on the Executive Committee in their review of Society activities.

Sustainability Considerations A framework for formal event procedures can be built on to ensure increasingly safe and inclusive events going forward.

Impact of Decision and Next Steps If approved, this policy will replace the *VP Internal Intoxication and V.I.P Culture at SSMU Events Policy*.

Motion or Resolution for Approval Be it resolved that the SSMU adopt the Events Policy (Appendix A).
Be it resolved that this Policy expire on 1 January, 2025.

APPENDIX A: EVENTS POLICY

1. OVERVIEW AND SCOPE

1. The Students’ Society of McGill University (“SSMU”) has the final legal responsibility for all events planned and hosted by its internal bodies such as the Students’ Society Programming

Network (“SSPN”) and the Executive Committee. This Policy seeks to balance risk management and mitigation principles of the SSMU with the operational needs of event organizers to flexibly plan and organize events that enhance student life at McGill University for SSMU Members. It also incorporates harm reduction principles, taking into account the effects of alcohol on the ability of an event organizer to ensure the safety of participants. Finally, it seeks to recognize the V.I.P. Culture perpetuated within Society events, in order to mitigate undue power dynamics arising from such.

This Policy applies to all events organized either directly or indirectly by the Executive Committee or the portfolio committees of any Officers of the SSMU.
