SSMU LEGISLATIVE COUNCIL PUBLIC MINUTES

November 5, 2020

The regular bi-weekly Legislative Council Meeting of the Students’ Society of McGill University (SSMU) will be held by teleconference, on November 5, 2020 at 18:00.

1. Call to Order: 18:08

The Speaker calls the meeting to order at 18:08.

2. Land Acknowledgement

The Speaker presents the Land Acknowledgement.

3. Attendance

Councillor Ge is absent.

4. Approval of Minutes

   a. Legislative Council Public Minutes 2020-10-08 – APPROVED

   Senator Daryanani asks to change his title within the minutes from Councillor Daryanani to Senator Daryanani. Senator Daryanani states that it should be a ‘motion to divide the question’.

   b. Legislative Council Public Minutes 2020-10-22 – APPROVED

   Senator Daryanani asks 11.a) to reflect the surplus mentioned by VP Finance, of MSERT.

   Senator Daryanani states that the spelling of ‘Caucuses’ is incorrect.

   Councillor Smith motions to approve both sets of the minutes as amended, seconded by Councillor Collins - APPROVED.

5. Adoption of the Agenda – APPROVED

Councillor Bonan motions to approve the agenda, seconded by Councillor Smith - APPROVED.
6. Report of the Steering Committee

The Speaker presents the report of the Steering Committee.

Questions on the Report of the Steering Committee:

There are no questions.

7. Guest Speakers

There are no guest speakers.

8. Announcements

The President announces that the referendum period started November 13, and will run until November 13. He states that the voting period will begin November 9, and end November 13. He encourages everyone to vote and share the posts, so that they may hit quorum.

VP University Affairs notes that the library has expanded their study hubs, on Redpath 2 on Monday. They state that there will be an additional 175 seats available. They also state that you can now book study hubs in advance. They note that the Fiat Lux project has kicked off, and they’re looking for a student to sit on the advisory panel, and encourages any student interested to reach out to them.

The Speaker notes that this is the first Legislative Council back under the purview of the 2017 Constitution, and notes that, if the Standing Rules are approved, they will be following Robert’s Rules of Order once again.

9. Question Period

Councillor Smith notes that the Facebook page concerning the referendum has received traction, but notes that students being ‘interested’ in a vote does not equal votes. He asks a member of the Executive what was learned about the failure of hitting quorum last time, and to advise them that he can help with memes, if necessary. The President responds that they’ll reach out for the memes. He states that each of the questions are run by a special campaign committee, who will be getting out the vote, but also welcomes any other opportunities to help.

10. Recess, Consent Items

The Speaker explains what the consent vote is.

[Legislative Council resumes at 18:28.]
The Speaker notes that the Motion Regarding Amendments to the Equity Policy and Implementation of an Equity Triage 2020-11-05 has failed to receive consent vote.

Meanwhile, the Speaker notes that the Motion to Amend the Standing Rules of the 2020-2021 Legislative Council has been approved through consent vote. As such, the Speaker notes that all meetings will be governed through Robert’s Rules.

11. Generative Discussion on Five-Year Plan

The Speaker explains what a generative discussion is.

The President notes that as part of his platform, he ran on the creation of a long-term plan. The President states that there was an Executive Plan presented by the SSMU President of 2018-2019, Tre Mansdoerfer. This Plan sought SSMU to expand its offerings in all departments. The President notes that this Plan would create a sub-committee of the Legislative Council, including Directors, Councillors, and regular staff, to ensure the plan is carried through.

Councillor Smith motions to extend by ten (10) minutes, seconded by Councillor Williamson - APPROVED.

For staff, The President states that SSMU is drastically under-staffed, in comparison to other student unions across Canada. He hopes to double the amount of SSMU staff in five (5) years time. He hopes to prioritize services, clubs, and operations in all staffing changes.

He states that by 2022, there should be three (3) more staff, including two Services Coordinators, as well as a full-time French Translator. By 2024, there should be 29 staff. The President notes that there will be an Ombudsman person, to deal with complaints, work with policies that have complaint processes, and to help with mediation between constituents. The President also notes that there should be two Accounting Analysts, and two Operations Coordinators. By 2025, he hopes for the SSMU total staff to grow to 36 staff. The President notes that there will be two (2) HR Assistants, two (2) additional Services Coordinators, as well as a Security Coordinator, an Events Coordinator, and hopes for an in-house Legal Counsel.

For Operations, he states that they would work on renovations, and expand offerings in 3501 Peel. He states that he hopes to find a new use for the space currently offered by tenants such as La Prep in the University Centre, such as a parcel delivery service. He also suggests opening up opportunities for accountants to visit, to help students with their accounting and taxes. He notes that they hope to re-brand Gert’s, so that it may be used as a cafe during the day.

In three (3) years’ time, he notes that they hope to revamp the cafeteria into a student-lounge. He also hopes to renovate the Players’ Theatre to accommodate movie screenings.
By 2025, they can launch a partnership with the Daycare for them to utilize the space, and launch a General Store, like what EUS has.

For Clubs, the President states that they are hoping to revamp the Clubs processes, including the introduction of a Clubs software, and re-vamped funding request processes. By 2023, he hopes to introduce standardized Clubs training, and integrate full-time SSMU staff to ensure institutional memory. In five (5) years’ time, he hopes for expanded clubs insurance.

For Services, the President states that more consultation is upcoming. For Services, he notes that they should be offering greater support to them, granting them more space and offering them opportunities to grow. By 2021, he is hoping to consolidate the fees on the SSMU base fee, noting that there wouldn’t be a need to run fee referendums every five (5) years. As well, there will be an introduction of Services Coordinators.

The President also hopes to put the contact information of various services on the back of McGill student IDs.

By 2025, he notes that Trash2Treasure should be a service by then. The President notes that they hope to find a secure space for the MSA by that time. He also hopes for SSMU to own therapy dogs.

For Finance, he repeats the notion of fee consolidation, to ensure more flexibility, allowing for more long-term planning. By the end of the first year of the Plan, he hopes to have the Services and Clubs funds consolidated. He notes that they should have better online tools for these groups. For 3501, he hopes to be generating revenue within that building.

By 2025, he hopes to get a charity endowment.

For Advocacy, he notes that it is harder to plan year to year. In the Five-Year Plan, they should reassess and reevaluate SSMU’s policies. He notes that they should also create a separate space for advocacy groups. He also notes that they hope to increase representation on SSMU’s governing bodies.

Councillor Wan asks what the approximate fee increase would be for the five-year plan.

The President states that they already have some fees to operate for the first few years. He states that they don’t have the projected fees thus far, as he will be working with the VP Finance and the Accounting Department. He also notes that there should be sources of revenue as well.

Senator Daryanani asks how the President will guarantee the transition from one year to the next, to ensure it reaches its goals in five years time. The President states that there will be an oversight portion, including the General Manager, Executives, and Councillors and Directors, through a committee. As well, he notes that this is a rolling plan. Furthermore, he notes that if approved by the Legislative Council as a formal plan, it does not allow for future Executive Committees to completely discard it.
Councillor Collins asks about the therapy dogs, if it would be a mental health initiative, or a programming initiative. The President states that it would be both. However, he notes that therapy dogs are not directly in the plan.

Councillor Wan asks if the current tenants [within the University Centre] are aware of their removal. The President notes that Liquid Nutrition is aware, and they state that it will be discussed when the contract for La Prep ends.

Senator Daryanani asks how the Executives will be held accountable for the plan, as he notes that there may be opportunities for parts of the plan that may be delayed or not occurring, and asks how it will affect campaigning. The President states that Legislative Council will be a supervising authority over the plan, as it will be a sub-committee of the Legislative Council. He notes that the Committee would be responsible for presenting three times a year, once in first semester, and twice in the second semester. As well, he notes that the SSMU full-time staff would be directly involved. The President states that this plan would not serve to hamper campaigns. He notes that when future Executives are campaigning, they should be thinking long-term, and how their campaign points will currently integrate within the operations of the Society.

12. Old Business

There are no Old Business items.

13. New Business

a. Motion Regarding Amendments to the Equity Policy and the Implementation of an Equity Triage 2020-11-05 — APPROVED

VP Student Life motivates.

VP Student Life notes that this is a motion that both herself and the VP University Affairs have been working on. VP Student Life notes that the amendment would add an equity triage process to SSMU operations processes, in order to prioritize equity-seeking groups. She notes that this emerged out of a long-standing pattern of equity-seeking groups receiving delays in their operations. She states that if it was passed, she notes that they would engage with the heads of the relevant departments, as well as with the General Manager. She notes that the departments that would be impacted are the Operations Department, the Communications Department, the IT Department, Human Resources, and Accounting. She notes that they have informal processes in Accounting and Communications. She notes that the implementation is gradual, and hopes to have the amendment completely installed by the end of the academic year.

Question Period:

There are no questions.
Debate:

VP University Affairs notes that they have also spoken to the relevant departments, to ensure that this amendment is possible. They note that they have also received positive feedback, and are excited.

Councillor Wan suggests an amendment, in Section 4.4, to remove equity-seeking, and add it to the end, so that all student groups are aware of services available to equity seeking groups. VP Student Life and the seconder accept the amendment as friendly.

Senator Daryanani thanks the efforts of the VP Student Life and VP University Affairs, as a way to promote further equality.

Councillor Benson notes that this is a great initiative. He asks if there is a current list of equity-seeking groups available, and who is responsible for determining which groups are equity-seeking. VP University Affairs used the definition within the Equity Policy. They note that they don’t have a running list, but that it would be most likely up to the individual departments. They note that year to year, the list will change.

Councillor Reed asks if they can comment on whether or not there are still systemic issues when services deal with requests from student groups. VP Student Life states that there are different reasons for each of these departments. VP Student Life states that they hope to increase the accessibility and ease of the services for not only equity-seeking groups, but all student groups, and notes that they are looking for ways to continuously improve.

VP University Affairs states that this amendment is trying to reduce the impact of lack of staffing on equity-seeking groups, but notes that they are working on other ways to improve accessibility and ease in other capacities, such as through the Five Year Plan.
