Part II: Awards of Distinction Reserve Fund

The SSMU affirms that student excellence must embrace both the extra-curricular and academic aspects of a student's life. As a result, the SSMU created the Students' Society Awards of Distinction (herein referred to as the "SSAD" or the "Award") for outstanding contributions to the McGill community. These scholarships shall be awarded to undergraduate students who have demonstrated leadership at McGill University through significant contributions to student activities and organizations coupled with outstanding academic achievement.

11. Purpose

The purpose of the Awards of Distinction Fund is to earn interest, which shall finance the Students' Society Awards of Distinction.

12. Administration

The Funding Committee shall be responsible for administering, publicizing, and disbursing the Award, under the oversight of the Vice-President (Finance) and Vice-President (Student Life).

13. Timing of Awards

The Award recipients shall be selected in the Winter term.

14. Application Deadline

The deadline for applications shall be set by the Funding Commissioner and advertised no later than one month prior to the deadline.

15. Financing of Awards

The Award shall be financed from the interest earned by the Awards of Distinction Reserve Fund.

16. Sum Awarded

The total sum awarded from the Awards of Distinction Fund in any given year shall not exceed the total interest earned from the investment of the fund during the previous fiscal year.

17. Amount of Award

A minimum of three (3) and a maximum of four (4) awards valued at two thousand dollars (\$2,000) each shall be awarded each academic year.

18. Exception – Amount of Award

If there are less than four (4) suitable candidates, the Awards of Distinction Selection Committee is not obligated to issue all the Awards.

19. Insufficiency of Fund

If the total interest earned from the investment of the Awards of Distinction Reserve Fund during the previous fiscal year is less than six thousand dollars (\$6,000) in total, the remainder shall be paid from the Operating Fund. In this case, only three (3) awards valued at two thousand dollars (\$2,000) each may be awarded.

20. Payment of Awards

Award recipients shall receive their awards in two (2) equal installments, one at the beginning of the Fall term, and one at the beginning of the Winter term, during the academic year following the year in which the awards are granted, upon submission of their proof of registration and their Social Insurance Numbers to the Vice-President (Finance).

21. Eligibility for Awards

Eligible applicants must:

- a. be Members;

25. Archiving

All applications shall be archived through the Office of the General Manager.

Part III: Health and Dental Reserve Fund

After the 2005 Referendum on student fees for the SSMU Health and Dental Plan, the amount of money raised by the levy has been much higher than the fee charged by the plan administrator, ASEQ. The surplus fees collected by the Society for the SSMU Health and Dental Plan, starting in the 2006-2007 Fiscal Year, will be collected in the Health and Dental Plan Reserve Fund.

26. Purpose

The creation of the Health and Dental Reserve Fund is meant to ensure the student fees collected for the SSMU Health and Dental Plan is going towards health and dental coverage. The amount of the levy

collected by the Society for the SSMU Health and Dental Plan above and beyond what is charged by the plan administrator should not be going into the Operating Budget, but instead should be kept in the Health and Dental Reserve Fund to ensure steady health care costs for students. This will both alleviate pressure on the Vice-President (Finance) to conduct a new Referendum every year as the SSMU Health and Dental Plan costs change and ensure future financial statements are not inflated by the temporary surpluses of the SSMU Health and Dental Plan fees.

27. Fee Surplus Transfer

At the end of the Fiscal Year, surpluses from the SSMU Health and Dental Plan Fees (i.e. the total amount collected by the SSMU Health Plan Fee and SSMU Dental Plan Fee minus the fee charged by the health plan administrator), must be transferred into the Health and Dental Reserve Fund.

28. Expenditures

The Health and Dental Reserve Fund can only be drawn down in Fiscal Years where the total SSMU Health and Dental Plan fees collected from Members are less than the fee charged by the plan administrator for insurance premiums and the administrative fee that the Society charges.

29. Referendum If Funds Exhausted

In January of every year, the Vice-President (Finance), working with the General Manager and Comptroller, will request preliminary cost estimates for the following Fiscal Year's health and dental coverage. If the projected cost will exhaust the funds in the Health and Dental Reserve Fund, the Vice-President (Finance) will prepare a referendum question to alter the SSMU Health and Dental Plan fees.

Part IV: Student Life Fund

30. Variance

Variance shall refer to the difference between actual net results and budgeted net results for a given fund, department, line item, or budget.

31. Purpose

The Student Life Fund shall provide a space for year-end variances to be made available in future years without rolling into the Capital Expenditure Reserve Fund.

32. Departments

The following are subject to having their variances transferred into the Student Life Fund :

- a. Fees for distribution by the Funding Committee;
- b. Services that are funded by Fees;
- c. Services that are not funded by Fees;
- d. Affiliated Student Associations; and,
- e. All Departments that are directly funded by Fees.

33. Amount Transferred

The amount of each Department's variance that is transferred into the Student Life Fund at the end of each year shall be reduced by the amount spent by the Department on capital assets.

34. Record Keeping

The Vice-President (Finance) and General Manager shall keep record of each Department's balance within the Student Life Fund and keep an accurate record of transfers into and out of the Student Life Fund.

35. Automatic Transfers to the Fund

Any variance shall be automatically transferred into the Student Life Fund at the end of the Fiscal Year.

36. Automatic Transfers Back

All Fees, Services, Affiliated Student Associations and other Departments listed in Section 5.3 shall have their variance automatically transferred back into their Departments at the beginning of the next Fiscal Year after the audited financial statements have been completed without needing to request the transfer.

37. Communication of Balance

The Vice-President (Finance) is responsible for communicating the Student Life Fund balance of each Department to each respective Department at least two (2) weeks before the budget deadline, pending the completion of the audited financial statements.

38. Inactive Service or Department

If a Service or Department has accumulated a balance within the Student Life Fund but has been inactive for two (2) years, the Board of Directors may approve the transfer of this accumulated variance into the Capital Expenditure Reserve Fund or the Operating Fund.

39. Club Bank Balances

At the end of the Fiscal Year, the Society shall perform one of the following transfer options:

39.1. Net Increase

In the event of a net increase in the total Club bank account balances over the fiscal period, the Society shall transfer an amount equal to the net increase to the Student Life Fund from the Operating Fund, in order to offset the net revenue incurred by the Society as a result of the Clubs' net revenues.

39.2. Net Decrease

In the event of a net decrease in the total Club bank account balances over the fiscal period, the Society shall transfer an amount equal to the net decrease to the Operating Fund from the Student Life Fund, in order to offset the net expense incurred by the Society as a result of the Clubs' net expenditure.
