

# HOW & WHERE TO POSTER AT MCGILL

## SPREADING THE WORD ABOUT A PROTEST OR SHARING YOUR CLUB'S INFO?

McGill's buildings should be covered with your rad posters! Usually- as long as there isn't any offensive content or advertisements for alcohol and the poster displays your group's name- all you need is a stamp of approval from a building administrator and you can start hanging up!

**Side note:** Posters outside on campus are generally taken down and those plastered on city property could result in fines or legal threats if a name is attached.
