Issue

The Internal Regulations (IRs) of the Students' Society of McGill University (SSMU) are reviewed regularly to ensure that they meet students' needs, align with the Society's mission, and conform to current best practices.

Background and Rationale

The current IRs of Student Groups were last amended on April 14, 2022 and can be found here: [Internal Regulations of Student Groups 2022-04-14](#). The proposed changes aim to reconcile discrepancies between the Internal Regulations and the Gendered and Sexual Violence Policy, to provide more comprehensive guidelines on Student Group alcohol expenses, and to provide more comprehensive guidelines on collecting Club Membership Fees.

Alignment with Mission

The proposed motion aims to improve support for student groups by amending the IRs to reflect current best practices.

Consultations Completed

Consultations were completed with relevant SSMU staff including the Vice President Finance, Governance Coordinator, Accessibility Coordinator, Clubs Coordinator, Clubs Representative, Student Life Assistant, and the Student Life Operations Director.

The members of the Clubs Committee and Services Review Committee were also consulted.

Student Group consultations occurred including the McGill Students' Chapter for the Canadian Red Cross, The Wine Society, McGill Armenian Students' Society, ConnectUs, McGill Students' Anime Club, SSMU DriveSafe, Salseros, and McGill Students' Trading Society.

Risk Factors and Resource Implications

If passed, the proposed amendments will affect how Student Groups operate moving forward, namely with regard to collecting membership fees. Current and proposed Club Membership fees will have to be reviewed by relevant staff to ensure they abide by the proposed amendments.

There may be some confusion during the adjustment period. Training material on the proposed amendments that is presented in plain language should be included in future mandatory student group workshops and be made available on the website.

Sustainability Considerations

The proposed changes should have little to no negative impact on the SSMU's sustainability efforts.

Further, the proposed changes to subsection 4.2 Fees aim to decrease economic barriers to participation by encouraging clubs to draw on the Clubs Fund rather than collect additional fees from members.

Impact of Decision and Next Steps

If approved, the Office of the Vice-President (Student Life) will inform and circulate the most updated version of the Internal Regulations of Student Groups to the student groups at SSMU.

Motion or Resolution for Approval

Be it resolved that the Legislative Council approve the proposed amendments to the Internal Regulations of Student Groups in Appendix A.

Be it further resolved, that the Legislative Council recommend the ratification of the proposed changes to the SSMU Board of Directors for approval at their next regular meeting.
