

McGill Nursing Undergraduate Society

NUS Councilor Report

Submitted for: March 9th, 2023

Current

- Nursing graduation gala to be held on May 4th, 2023
- VP Academic
 - With class reps, discussing with faculty ways to address student complaints and concerns of current courses to improve student experience and learning.
 - Within a committee of volunteer members of council, also working to address negative student experiences withing clinical settings and to create
- VP Social
 - Really being awesome at restarting inter-program events, socials, and relations such as the recent Valentine's event with engineering.
- VP Sustainability
 - Working hard to support Divest McGill and push sustainable practices in the ISoN building.
-

Past

- Motion was passed by NUS to have a LGBTQUIA+ representative, to be implemented potentially in the incoming council.
- Science games: was really fun and the nursing team enjoyed it a lot.
- We have adopted doodle as a way to vote on motions.
- While as a council, the NUS decided that it may not be worth to continue being part of the CNSA considering the underutilization of its resources by the NUS and the lack of physical events, this motion did not pass quorum when passed to be voted by the general nursing body, so the NUS renewed its membership.
- Nov 23, OD CNSA held a nursing career fair at Thompson House

Plans

- VP Academic is looking into holding OIIQ and NCLEX exam practice sessions with past McGill graduates Date TBD.

Mental Health Advocacy Committee

- Lots of great initiatives:
 - Note-sharing platform for ISoN
 - Posters to simplify which mental health resources are available and for what specific facets of mental health on campus and around Montreal
 - A mental health art event

Respectfully Submitted,

Lenardo Miguel S. Dadulla, VP External NUS & Nursing Representative SSMU
