6. (1) Services Representative

Of the currently filled positions, we had attendance of 50% at our meeting.

Objectives

The objective of the first meeting was to establish the goals of the committee and identify desired outcomes and next steps.

Outcomes

The committee determined that the current status of the Master Plan is difficult to ascertain due to a lack of clear organization by previous committees. Updates, tracking, and amendments of the original 2020/2021 Master Plan are located in a number of different documents and the clarity of these reports, sheets, and lists varies widely. As such, the primary objectives of the committee are to organize and consolidate previous work into one clear document so we can plan effectively and use our committee time wisely.

A working group was established to complete this organizational work. The working group consists of the President, General Manager, SSMU Full Time Staff (GM Assistant), and the Secretary General.

Next Steps

The working group met to plan the organization work on November 6th. They will be meeting weekly until the organization work is completed. We are currently scheduling the next full SSAMMOSA committee meeting and will meet once before the holiday closure.
