REPORT OF THE VICE-PRESIDENT (Operations and Sustainability)

Submitted for: 2024-12-05

- Gerts
 - Bar Manager has started and has been successfully completing remaining projects such as figuring out a new network and POS solution
 - Bar part time positions have been hired and onboarded
 - Cafe Manager has been hired and will begin January 6th.
 - However, all Cafe renovations have been complete and we are set to open - most likely by mid February.
 - Bar will open January 6th!!
- Student Life Operations
 - The Events Specialist and Events Coordinator have both started! These are two full time positions that will assist in efficient event booking and management. These two positions have been empty since August and have been restructured to bolster the SLO department and better support students.
 - Reaccuring bookings are now available for request for the Winter semester. Please refer to our website.
 - The Events Policy is up to renewal in January and is actively under consultation.
- Building Services
 - Hiring for two part time positions to better support this department.
 - Piloting a ticketing system for work orders at the Daycare which eventually be rolled out amongst all building occupants. Pilot has been successful.
- My general portfolio
 - Sustainability Commissioners are working on an SPF form for 4 stream waste bins in collaboration with the Building Director, MOOS and FMAS. Overall, they are successfully bolstering the EC and have ongoing projects and plans for next semester.
 - Campus Crops is continuing to have weekly gardening sessions.
