

Discussion Point for Legislative Council: Plebiscite Questions

I solicited for non-binding questions (plebiscites) in the Winter 2025 referendum, to student Senators, Legislative Councillors, and students at large. I received 7 responses, and I have anonymized them.

1. Should SSMU advocate that McGill provide for student representation on decision-making bodies relating to emergencies, such as the Emergency Response Group? (yes/no response)
2. Has the increased presence of McGill and contracted security made you feel safer on campus? (yes/no response)
3. On a scale from 1 to 5, how important do you think it is for SSMU to promote efforts for McGill students to learn French and engage in more cross-cultural dialogue through French?
4. Where should the SSMU focus its efforts? (fill in the blank)
5. If you wish to make any further comments, please leave them in the optional comment box.
