## COMMITTEE ACTIVITY

- 20th Anniversary Event for ArtSci went amazing: Very good turnout, had students and alumni panel.
- Working Towards Website for ArtSci

## OBJECTIVES, PROJECTS AND PROGRESS

The goal for the semester was to have more events (which we already did a great one with the 20th Anniversary event) and create a standing for ArtSci by having a space both physically and online that will help students navigate an ArtSci degree and create a community.

- Looking into our position between AUS and SUS:
  - In terms of finances and allocations
  - Possibly looking into an MoA or long-term agreement/partnership between the 3 associations
- Trying to get non-profit status
- Collaboration with building 21
  - Looking to start a B21 x ASUS cohort to support student projects. Most likely funded

- Looking for a student lounge/ASUS hub.
  - Right now ASUS doesn't have a student space and we are on the hunt for somewhere to create a homebase, still looking but should be around the corner.
- Looking into streamlining our communication
  - Creating discord streams for all years
