Comments:

The Trans Patient Union (org my email's from) is a working group of Queer McGill, who were also working on this campaign and of whom I am a staffer. I registered the YES Campaign as my capacity as an individual SSMU member.

Many of these expenses were incurred prior to registering as a YES Campaign and went to informational materials. We were told to register them anyway, which is why they're here.

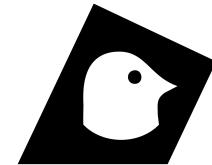

All campaign materials must be reported as expenses and must be reported at a minimum of Fair Market Value. Include tax in unit cost.

We didn't end up paying anything because science students have about 250 pages of free printing, and it was utilized.
