# Raising a Point!

- **What is a point?**
  - A formal way for a member to interrupt proceedings in order to address an immediate procedural issue
- **Types and Examples:**
  - “Point of **order**: This motion does not have a seconder and cannot be debated”
  - “Point of **information**: how much is left in the Campus Life Fund?”
  - “Point of **inquiry**: is a simple or  $\frac{2}{3}$  majority needed to pass this?”
  - “Point of **clarification**: does the amendment change the amount allotted or the date its given on?”
  - “Point of **privilege**: Can we turn the heat in the room down?”
  - “Point of **appeal**: I appeal the decision of the Chair”

# What is a Point not?

- **Opinions**
  - “Can I raise a point? This is a misrepresentation of my statement”
  - “Can I make a point? I dont think X and Y should happen because Z”
- **Questions answered in debate!**
  - “Point of information: didnt we try this last year?”
- **Factual disagreement:**
  - “Point of Order: the date on this amendment is incorrect can we change it?”
  - **Factual disagreement ≠ procedural error**

TLDR; POINTS SUPERSEDE OTHER ACTIONS BECAUSE THEY REGARD PROCEDURAL MATTERS
