revenue, therefore a NUS bank account would facilitate tracking accounts receivables.

Opening a bank account for an Affiliated Student Association is not contemplated in our Governing Documents. As such, as a matter of good governance, NUS seeks approval of Council to do so.

Alignment with Mission	This motion aligns with SSMU's mission of supporting students and their activities in a way that is reasonable and efficient.
Consultations Completed	Consultations were conducted with the President, the Vice-President (Finance), the Internal Counsel & Corporate Secretary and the Policy and Advocacy Coordinator.
Risk Factors and Resource Implications	The risk factor primarily relates to potential proliferation of similar reimbursement requests, many of which may involve small purchases for smaller scale activities such as the bubble tea event, imposing a burden on the Accounting Department. NUS members are burdened with the responsibility of paying for the activity or event costs up front, and request a reimbursement, which can accumulate delays, especially during busy periods. However, the risk to the NUS in terms of efficient process is great if this Motion fails.
Impact of Decision and Next Steps	If approved, the VP Finance will facilitate the bank account opening.
