INTERNAL REGULATIONS OF THE SOCIETY'S FINANCES-07: FUNDS

Part I: Capital Expenditure Reserve (CERF)

The Capital Expenditure Reserve Fund was created in 1986 from the proceeds of the bookstore profits of sixty thousand dollars (\$60,000), the 1985-1986 Operating Budget surplus of ten thousand dollars (\$10,000), and the budgeted non-cash depreciation expenditure (debt repayment) of fifty thousand dollars (\$50,000). The initial deposit total approximately one hundred and twenty thousand dollars (\$120,000).

The Capital Expenditure Reserve Fund includes both the Liquid Portion of the CERF and the CERF Investment Portfolio. The Investment Portfolio was created in 2006 from the proceeds of the sales of shares in the McGill Bookstore worth one point eight million dollars (\$1.8 million).

- a. The amount liquidated must not decrease the balance of the Investment Portfolio below two million five-hundred thousand dollars (\$2,500,000). If the Investment Portfolio balance is below that amount, no amount may be liquidated until the balance is greater than two million five-hundred thousand dollars (\$2,500,000).
- b. The amount liquidated must be below the absolute return of the Investment Portfolio of the last Fiscal Year.

1. Purpose

The purpose of the Capital Expenditure Reserve Fund is to ensure the long-term financial stability of the Society by storing funds for large-scale capital expenditures without negatively impacting the Operating Budget.

2. Function

The Capital Expenditure Reserve Fund allows the Society to set aside funds for the anticipated maintenance and purchase of capital assets that cannot be supported from the Operating Fund.

3. Long-term Financial Plan

The Long-Term Financial Plan is a document, updated annually by the Vice-President (Finance), which serves as a multi-year budget for the Capital Expenditure Reserve Fund. This document should include a budget of three (3) to five (5) years that includes the year-to-year balance of CERF.

4. Investment Portfolio

The Investment Portfolio shall be considered part of the CERF.

5. Liquid Portion of the CERF

“Liquid Portion of the CERF” shall mean the liquid portion of the Capital Expenditure Reserve Fund not managed as part of the investment portfolio, which is maintained for likely Capital Expenditure occurring within the year. All assets of the Liquid Portion of the CERF shall be kept in the form of short-term low-risk investments, separate from the Society’s Operating Fund.

6. Annual Liquidation

In the beginning of each Fiscal Year, after the audited financial statements have been completed, the General Manager and Vice-President (Finance) shall meet to determine a portion of the CERF Investment Portfolio to liquidate and transfer to the Liquid Portion of the CERF. The approval of the Legislative Council and the Board of Directors is required to complete the transfer.

7. Expenditures

Any expenditure from CERF must be approved by the Vice-President (Finance) and subsequently ratified by the Executive Committee and the Board of Directors.

- a. Items not included in the Capital Cost Allowance (CCA) categories of the Federal Income Tax Act may not be considered for CERF projects.

8. Minimum Annual Deposit

As a maintenance feature, in every Fiscal Year, a minimum amount of fifty thousand dollars (\$50,000) shall be restricted in the Operating Budget and Revised Operating Budgets to be deposited in the Current CERF at the year's end, unless a budget without this minimum transfer is approved by a two-thirds (2/3) vote of the Legislative Council and approved by a two-thirds (2/3) vote of the Board of Directors.

9. Transfers to and from the Operating Fund

Excess of revenue over expenses generated in the Operating Fund shall be transferred to the CERF on an annual basis. Excess of expenses over revenue generated in the Operating Fund shall be transferred from the CERF on an annual basis.

10. Transfers to Investment Portfolio

At the end of the Fiscal Year, the General Manager and Vice-President (Finance) shall meet to determine the capital expenditure needs for the Society for the next Fiscal Year. If the Liquid Portion CERF is significantly greater than this amount, the Board of Directors may transfer capital from the Liquid Portion of the CERF into the Investment Portfolio.

Part II: Awards of Distinction Reserve Fund

The SSMU affirms that student excellence must embrace both the extra-curricular and academic aspects of a student's life. As a result, the SSMU created the Students' Society Awards of Distinction (herein referred to as the "SSAD" or the "Award") for outstanding contributions to the McGill community. These scholarships shall be awarded to undergraduate students who have demonstrated leadership at McGill University through significant contributions to student activities and organizations coupled with outstanding academic achievement.

11. Purpose

The purpose of the Awards of Distinction Fund (referred to as the OADF) is to earn interest, which shall finance the Students' Society Awards of Distinction and, if interest permits, bursaries for undergraduate Scarlet Key recipients.

12. Administration

The Funding Committee shall be responsible for administering, publicizing, and disbursing the Award, under the oversight of the Vice-President (Finance) and Vice-President (Student Life).

13. Timing of Awards

The Award recipients shall be selected in the Winter term.

14. Application Deadline

The deadline for applications shall be set by the Funding Commissioner and advertised no later than one month prior to the deadline.

15. Financing of Awards

The Award shall be financed from the interest earned by the Awards of Distinction Reserve Fund.

16. Sum Awarded

The total sum awarded from the Awards of Distinction Fund in any given year shall not exceed the total interest earned from the investment of the fund during the previous fiscal year.

17. Amount of Award

A minimum of three (3) and a maximum of four (4) awards valued at two thousand dollars (\$2,000) each shall be awarded each academic year.

18. Exception – Amount of Award

If there are less than four (4) suitable candidates, the Awards of Distinction Selection Committee is not obligated to issue all the Awards.

19. Insufficiency of Fund

If the total interest earned from the investment of the Awards of Distinction Reserve Fund during the previous fiscal year is less than six thousand dollars (\$6,000) in total, the remainder shall be paid from the Operating Fund. In this case, only three (3) awards valued at two thousand dollars (\$2,000) each may be awarded.

- a. These bursaries will only be awarded when the Scarlet Key has at least one (1) SSMU representative sitting on the selection committee.
- b. The value of the bursary for each individual recipient will be determined by the Vice-President (Finance), with a maximum value of \$1,000 per candidate.
- c. This expenditure, when added to the bursaries under the Awards of Distinction, cannot be greater than the earned interest from the OADF.
- d. If an Officer of the Society is selected as a Scarlet Key, they will not receive the bursary.

Part III: Health and Dental Reserve Fund

After the 2005 Referendum on student fees for the SSMU Health and Dental Plan, the amount of money raised by the levy has been much higher than the fee charged by the plan administrator, ASEQ. The surplus fees collected by the Society for the SSMU Health and Dental Plan, starting in the 2006-2007 Fiscal Year, will be collected in the Health and Dental Plan Reserve Fund.

27. Purpose

The creation of the Health and Dental Reserve Fund is meant to ensure the student fees collected for the SSMU Health and Dental Plan is going towards health and dental coverage. The amount of the levy collected by the Society for the SSMU Health and Dental Plan above and beyond what is charged by the plan administrator should not be going into the Operating Budget, but instead should be kept in the Health and Dental Reserve Fund to ensure steady health care costs for students. This will both alleviate pressure on the Vice-President (Finance) to conduct a new Referendum every year as the SSMU Health and Dental Plan costs change and ensure future financial statements are not inflated by the temporary surpluses of the SSMU Health and Dental Plan fees.

28. Fee Surplus Transfer

At the end of the Fiscal Year, surpluses from the SSMU Health and Dental Plan Fees (i.e. the total amount collected by the SSMU Health Plan Fee and SSMU Dental Plan Fee minus the fee charged by the health plan administrator), must be transferred into the Health and Dental Reserve Fund.

29. Expenditures

The Health and Dental Reserve Fund can only be drawn down in Fiscal Years where the total SSMU Health and Dental Plan fees collected from Members are less than the fee charged by the plan administrator for insurance premiums and the administrative fee that the Society charges.

30. Referendum If Funds Exhausted

In January of every year, the Vice-President (Finance), working with the General Manager and Comptroller, will request preliminary cost estimates for the following Fiscal Year's health and dental coverage. If the projected cost will exhaust the funds in the Health and Dental Reserve Fund, the Vice-President (Finance) will prepare a referendum question to alter the SSMU Health and Dental Plan fees.

31. Additions to Coverage

Expansions to coverage under either the Health or Dental Plans which will incur additional costs on the Health and Dental Reserve Fund must be approved by first Legislative Council and then the Board of Directors. In the case that the additional coverage would result in the depletion of the Health and Dental Reserve Fund that would not occur otherwise, this additional coverage and an increase to the Health and Dental Plan Fees must be approved through Referendum.

Part IV: Student Life Fund

32. Variance

Variance shall refer to the difference between actual net results and budgeted net results for a given fund, department, line item, or budget.

33. Purpose

The Student Life Fund shall provide a space for year-end variances to be made available in future years without rolling into the Capital Expenditure Reserve Fund.

34. Departments

The following are subject to having their variances transferred into the Student Life Fund :

- a. Fees for distribution by the Funding Committee;
- b. Services that are funded by Fees;
- c. Services that are not funded by Fees;
- d. Affiliated Student Associations; and,
- e. All Departments that are directly funded by Fees.

35. Amount Transferred

The amount of each Department's variance that is transferred into the Student Life Fund at the end of each year shall be reduced by the amount spent by the Department on capital assets.

36. Record Keeping

The Vice-President (Finance) and General Manager shall keep record of each Department's balance within the Student Life Fund and keep an accurate record of transfers into and out of the Student Life Fund.

37. Automatic Transfers to the Fund

Any variance shall be automatically transferred into the Student Life Fund at the end of the Fiscal Year.

38. Automatic Transfers Back

All Fees, Services, Affiliated Student Associations and other Departments listed in Section 5.3 shall have their variance automatically transferred back into their Departments at the beginning of the next Fiscal Year after the audited financial statements have been completed without needing to request the transfer.

39. Communication of Balance

The Vice-President (Finance) is responsible for communicating the Student Life Fund balance of each Department to each respective Department at least two (2) weeks before the budget deadline, pending the completion of the audited financial statements.

40. Inactive Service or Department

If a Service or Department has accumulated a balance within the Student Life Fund but has been inactive for two (2) years, the Board of Directors may approve the transfer of this accumulated variance into the Capital Expenditure Reserve Fund or the Operating Fund.

41. Club Bank Balances

At the end of the Fiscal Year, the Society shall perform one of the following transfer options:

41.1. Net Increase

In the event of a net increase in the total Club bank account balances over the fiscal period, the Society shall transfer an amount equal to the net increase to the Student Life Fund from the Operating Fund, in order to offset the net revenue incurred by the Society as a result of the Clubs' net revenues.

41.2. Net Decrease

In the event of a net decrease in the total Club bank account balances over the fiscal period, the Society shall transfer an amount equal to the net decrease to the Operating Fund from the Student Life Fund, in order to offset the net expense incurred by the Society as a result of the Clubs' net expenditure.

41.3 Inactive Club Bank Balances

Club bank accounts that are inactive, i.e., having not performed any transactions between January 1 and December 31 for two consecutive years, will be closed. The remaining balance of the account will be either transferred into the Club Fund, in the case of a surplus in the bank account, or transferred out of the Club Fund, in the case of a deficit in the bank account.
