President

- The previous MUS President has resigned.
- The VP Finance is currently acting as interim president since it was delegated by the VP Academic.
- An election to fill the presidency is underway with the nomination period ending on October 18, 2026. The voting period will then run from the 26th to the 28th.

- The MUS account balance is approximately $110,000.
- The MUS received approximately $100,000 in student fees from McGill in September and approximately $60,000 in total club sponsorship revenue.
- Payments of invoices associated with Carni and Hype are beginning.
- Audit preparations:
    - Trial balances covering 2021–2024 have been submitted to the auditor; the bookkeeper is expected to provide the 2025 trial balance in the coming weeks.
    - Further documentation will be provided as the auditor begins reviewing the accounts. The audit is expected to start in the new year and take approximately three months.
- Clubs are not consistently communicating anticipated revenues, resulting in significant amounts of unaccounted-for revenue at year-end and complicating the audit process.
- Faculty has expressed significant concern about the lack of audits in previous years and the MUS's organizational priorities.
