Report of the President

Governance & Accountability

- Working on reforms to SSMU's nominating process. Ideas include: endorsed nominations, a change to committee structure and possibly putting competency criteria into the IRs of Governance – Will be discussed at Governance reform committee
- Exploring academic credit for SSMU executives, recognizing the leadership and committee work the roles involve
- Pushing to centralise communications so projects across SSMU, McGill, MCSS and PGSS are coordinated rather than siloed
- Following through on the GA mandate regarding the HUJI exchange motion with Vice-President Lai. More to come as it goes through consultation

University Relations

- Sitting on the Board–Senate Cohesion working group. Its mandate is to implement the cohesion recommendations, with a focus on trust, transparency, and improving orientation for Board and Senate members, including ongoing orientation through the year
- Met with the University Secretariat on SSMU's role in Senate and Board governance. Topics included overall procedure in motion writing and questions to senate and a joint Board–Senate governance award recognising members' work
- Sat on the Honorary Degrees and Convocations committee, and reviewed survey results from convocation
- Meetings with: University Registrar, Director of Student Services, Dean of Students, Provost, President, Chancellor, Chair of the Board

Athletics & Community

- The Homecoming Tailgate was a huge success, with ~5,000 students attending! Thank you to everyone involved, and a recap video is on the way
- Debriefed with Athletics & Recreation on building on it: more signage, looping in central comms, and a reserved first-year section so new students can meet each other
- Iron Rink is back, featuring Concordia vs McGill hockey, with ideas for varsity, kids', and students-vs-profs games
